HUNTERS ON EDGE ON EVE OF SEASON

Deer Camps Already Filled
Awaiting Daylight Monday
Morning.

GETTYSBURG HUNTERS OUT

State Will Have More Men in Field to
Prevent Killing of Does This
Year. Game is Reported Plentiful.

Gettysburg hunters are on edge as the eve of the opening of the deer season draws near. Already the inns and residences in the mountain districts are filled with sportsmen eager for the fray to commence.

The Marsh Creek Hunting Club went into camp Friday afternoon. This club has abandoned tents as they have two large buildings now. Their camp is also equipped with an electricity plant which furnishes light and power to operate the saw mill. The members from Adams county who belong to this camp are: Roy E. Zinn, president; A. J. Lochbaum, vice president; Earl A. Deatrick, treasurer; P. Mark Bream, secretary; C. A. Bream, captain; R. D. Bream, chief of commissary; Ralph C. Deatrick, A. E. Hutchinson, Irwin M. Reynolds, William E. Lutz, Horace E. Smiley, John W. Bream, Clyde L. Bream, J. Allen Deardorff, Elder R. Martin, J. Thompson Benschoff, Paul J. Lower, Glenn M. Musselman, Jacob Bushman, Joseph Codori, Stover Creager, L. C. Naugle, Harry H. Thomas, Guy M. Andrew, J. Warren Gilbert, chief and Leander Martin, assistant chief.

County members of the Brysonia Club are: W. J. Eden, P. W. Stallsmith, B. D. Williams, George A. Taylor, Joseph Butt and Harry Hoke. Irwin L. Taylor is with the Taylor camp.

With the Arendtsville Club will be: C. B. Tate, J. W. Eicholtz, John D. Kane, R. C. Miller, J. Donald Swope, James Cole, Edward Hall, N. R. Beamer, S. Mc. Eicholtz, P. M. Bruner, J. C. Thomas, Charles M. Eicholtz, Hanson Oyster, Frank Cole, J. F. Taylor, W. N. Hartman, W. H. Broom, Ernest Trotter, Carey Beamer, P. A. T. Bower, John Brady, Charles W. Gardner, George Raffensperger.

With the Kane camp will be: the Kane brothers, J. Lewis, J. Andrew, George A. and Charles Kane, A. B. Kump and others. With the Montecrey Club: W. B. Fleming, Moses Bair and James King. Paul Martin,

TOWN LOSES FOUNDRY

Plant Will Be Moved to Chambersburg. New Company Formed.

While Gettysburg has been gaining new industries she has also lost one, for the foundry formerly owned by Calvin Gilbert, on Buford street, has been sold to a newly organized company and the entire plant will be moved to Chambersburg. The company, which is composed of H. J. Gulden, of Bendersville, as president, and John Nute and A. Julian McGehee, of Chambersburg, has made final arrangements for the removal of the equipment. The purchase price was \$15,000. Chambersburg citizens contributed \$2,500 to bring the plant to their town.

Three carloads of machinery have already been shipped to Chambersburg and the remainder, about two carloads, will be ready for shipment next week. It is the intention of the firm, which will be known as the Gulden, Nute and McGehee company, to specialize in foundry and machinery work.

ATTENDED MEETING

Representative C. Arthur Griest and Superintendent H. Milton Roth attended a meeting of the board of trustees of the Cumberland Valley State Normal School at Shippensburg on Friday.

ASK AUTO OWNERS TO GET LICENSES

Rush For 1920 Tags Will Soon
be Started. Want Motorists
to Aid.

NEW LICENSES ARE BLUE

Estimate 200,000 Touring Car Tags
Will be Needed. Increase in Price
of Notary Fee This Year.

Benjamin G. Eynon, Registrar of Motor Vehicles for the State Highway Department, to-day announced that the shipment of license tags for motor vehicles for 1920 will begin on or before December 15. He urged that automobile owners must haste in filing their applications for registration.

"We estimate that by January 1, 1920, we will have licensed 200,000 passenger cars, 30,000 commercial cars and 300,000 drivers and operators," said Mr. Eynon to-day. "We do not at this time believe that it will be necessary for any extension of time to the motorists of Pennsylvania because of failure of this Department to deliver 1920 license tags. The motorists themselves will aid us in our work if they will make as early an application for registration as is possible. The new form of application is much more complete than that heretofore used. It will require that car owners have an intimate knowledge of their machines. It will be well, therefore, that motorists secure an application as soon as possible so that no time may be lost in filling out the blank."

New Tags of Blue
The license tags for 1920 are blue, with white numerals. A hyphen is used to divide the numeral into thousands. The keystone hitherto found on license tags has been done away with. Below the numeral will be found the inscription, "Penn. 1920."

Notary Fees Greater
Applicants for registration of motor vehicles will find that when they appear before notaries public, the notary will charge 50c for each affidavit required in the application for registration, instead of 25c as heretofore. If the application for registration also desires an owners license to operate a vehicle, two affidavits are necessary. As told, the fee charged by the notary will be 50c for each affidavit. This charge is provided for in the Act of Assembly approved by the Governor July 10, 1919, wherein all notarial fees are increased.

WILL GET NO MORE COAL

Furniture Factories Receive Notice of
Curtailement of Supply.

The Gettysburg furniture factories have felt the effects of the last order of the Fuel Administration which prohibits the delivery of coal to any industry other than those essential and named in the five priorities. The local factories have received notice that no more orders from them for coal will be filled at the present time.

While the local plants have a fair sized supply on hand they have only sufficient supply to carry them a limited length of time if the order remains in force. Shipments will be continued to local coal dealers according to the proportion as laid down by the Fuel Administration.

RESUMES TEACHING

Professor William Wood Back at Ar-
endtsville Vocational School.

Professor E. M. Luther, who has been teaching at the Arendtsville Vocational school during the absence of William Wood, is returning to his home in Cambria county. Mr. Wood who has coached the Gettysburg football team this year will resume teaching at Arendtsville on Monday.

HUNTERS LEAVE

A large number of hunters from Camp 18 and the Arendtsville Camp, both of Arendtsville, left for their lodges Friday afternoon. They will take the mountain trails early Monday morning.

ALL Odd Fellows are requested to meet in Odd Fellows Hall Sunday afternoon at 1 o'clock to attend the funeral of the late John A. Menchey.—advertisement 1

CURB MARKET ENDS IN RAIN

But Movement is on Foot to Se-
cure Market House. Car
Barn Suggested.

Gettysburg's last curb market of the year was void of features, only three men braved the chilly rain and the buyers were few. To-day's market marks the end of a successful season although it is not to be compared with the two seasons preceding it.

Many of the county farmers who in other years came to Gettysburg, this year went to Carlisle where they have a covered market and others found Hanover a more profitable field.

Market men who have been coming here regularly are starting a movement to secure for Gettysburg a market house. They are of the opinion that the car barn on North Washington street would make an ideal place for such an institution and believe with a little assistance from the town it could be rented at a reasonable figure. It is their idea then to establish a Saturday afternoon and evening market such as are found in Harrisburg and other nearby cities.

Market Master Weikert has informed the men he will endeavor to start the ball rolling and will take the matter up with the town authorities in the near future.

MORE MINES CLOSED

Situation is Daily Growing More
Serious. Cumberland Affected.

(By Associated Press)
Cumberland, November 29—It is estimated that two-thirds of the 5,000 miners employed in the Georges Creek soft coal region are idle to-day. The men are quitting gradually. It was stated at district headquarters of the United Mine Workers near here that the tie up would probably be complete by Monday but that nothing is being said by Union officials to cause the men to stop work.

In the Upper Potomac region, it is said, the suspension is almost complete, affecting about 4,000 men. Attorney General Palmer has been notified by the Georges Creek Coal company that its mines are closed indefinitely. He was advised that the men are coming out and going to work as they pleased and that the operation of the mines could not be further continued without a serious loss.

STILL CONFERRING

Miners And Operators Are Hoping
For Some Agreement.

(By Associated Press)
Charleston, W. Va., November 29—A conference of miners' and operators' representatives in the Kanawha coal district was continued here to-day with the hopes that an agreement might be reached whereby the mines closed may resume operations. The conference held yesterday brought little results toward resumption so far as it could be learned.

Meanwhile President Keeney, of district 17 United Mine Workers said, "The strike may go on independent of any action of the officials. The fourteen per cent wage increase is wholly inadequate."

SHOWS ENGLISH ATTITUDE

Election of Lady Astor Indicates Pro-
hibition for Britain.

Westerville, O., November 29—Officials at the National headquarters here of the Anti-Saloon League of America to-day declared the election of Lady Astor to the British Parliament would have much to do to bring about the victory of prohibition in England.

They said the big vote received was indicative of the interest in England for prohibition. Lady Astor in her campaign speeches espoused anti-liquor legislation.

FOUR MILES OF PERMANENT ROAD

Contractors on County Job Have
Made Remarkable
Progress.

A BEAUTIFUL STRETCH

Motorists Are Testing First Concrete
Road in County. Job Has Been
Pushed Despite Delays.

Although the first contract for a permanent concrete road in Adams county will not be completed this year more progress has been made by M. Bennett and Sons on the Harrisburg road job in Straban township, considering the weather and delays in the shipment of material, than probably any other contractor in this section of the State. Within a short time four miles of this completed roadway will be open for traffic and the traveler will be able to experience all the joys of motoring. The bumps are gone, the ruts missing and the grades easy and uniform.

VIEW OF THE ROAD

The above picture gives a fair idea of the kind of roads that are soon to be built in different parts of Adams county.

This section which will soon be open for travel is composed of reinforced concrete slab 18 feet wide, 6 inches thick at the sides and 8 inches thick in the center. The reinforcement consists of wire mesh weighing 25 pounds per hundred square feet and is placed two inches below the surface of the road imparting to the concrete additional toughness and rigidity.

In order to prepare the grade to re-

NEEDLEWORK WILL BE COLLECTED

Gettysburg Guild Assists Civic
Nurse. Collects Much
Clothing.

The annual gathering of the Gettysburg Needlework Guild will be held on Monday afternoon, December 8, at the Red Cross workroom on High street, from two till four o'clock.

The Needlework Guild is an organization which collects every year from each of its members two new garments for the poor. These garments are given out by the Civic Nurse, Miss Briel, during the winter. The directors of the organization are Miss Annie Horner, Miss Nina Storrick, Miss Anna M. Reck, Miss Harriet Krauth, Mrs. E. S. Lewars, Miss Lily Dougherty, Mrs. C. B. Stover, and Mrs. W. B. Martin. Mrs. William R. Rebert is the director of the Cashtown branch. Each director is responsible for the collecting of twenty two garments and a small sum of money to be used for necessary expenses.

The Needlework Guild has branches in every large city in England and the United States. Its assistance is given not only to worthy individuals but to charitable institutions such as Hospitals and Orphans' and Old People's Homes. Thus far the garments collected in Gettysburg have been given to individuals. The supply of such articles is almost indispensable to the work of the nurse. Articles especially made are clothing of all kinds for infants and for children of school age.

ENSIGN KILLED

Former Resident Here Died in Wash-
ington Thursday.

Word has been received here of the death of William A. Hollebaugh, Jr., a son of Mr. and Mrs. William A. Hollebaugh and a former resident of Gettysburg now living in Washington, D. C. The young man was killed in an accident on Thanksgiving Day but no particulars have been received of his tragic death by relatives here. He was 22 years of age.

Besides his parents he leaves one sister, Mrs. Colin Collins, of Washington; one brother, R. Russell Hollebaugh, Washington, and a cousin, Miss Anna Hollebaugh, of Hanover street.

At the outbreak of the war he enlisted in the Navy and after studying at a naval school was commissioned an ensign. He made two trips across the Atlantic on the transport, "George Washington" and on one of these trips President Wilson was a passenger. He visited here last November and has a number of friends in town.

COAL MEN MEET

Endeavor to Make Independent Wage
Scale Agreement.

(By Associated Press)
Philadelphia, November 29—Soft coal operators of the Central Pennsylvania district will meet here this afternoon to discuss for the miners and independent wage scale. The meeting follows circumstances precipitated during the last twenty four hours. The men who remained in the mines awaiting results from the conference at Washington refused to work to-day.

NEGRO HUNG BY ROADSIDE

Claim He Insulted Young White
Woman.

(By Associated Press)
Lake City, Florida, Nov. 29—Farmers coming to this place to-day found the body of a negro hanging to a tree by the roadside. An investigation disclosed that the man had been captured by a mob of white men last night. It is claimed he insulted a young white woman.

VACATION DURING APPLE SEASON?

Question Which Occupied Atten-
tion of Arendtsville Parent-
Teachers' Association.

TO SEND QUESTIONNAIRES

Favor Recess But Not Early Open-
ing of Schools. Other Important
Topics Discussed Friday Night.

Interest centered around the discussion of whether there should be a vacation for the pupils at the Arendtsville schools during the apple picking season at the regular monthly meeting of the Arendtsville Parent-Teachers' Association Friday evening. The topic which brought many speakers forward was "Shall the High School be opened earlier next year and then have a recess during the apple season, if so, how much earlier should the schools be opened?"

Although no definite action was taken by the association it was the general opinion of both teachers and parents that the schools should not be opened any earlier in the fall and that if it is necessary to take a recess during the apple season it would be better to make that time up by continuing the school work later in the spring. In as much as a number of parents were absent from the meeting it was decided to send questionnaires to all parents for the purpose of finding out the opinion of the majority. Professor George Rice and Miss Verna Heckenluber were appointed on the committee to draw up the questionnaires.

H. M. Keller was the first speaker on the subject of recess in the apple picking season and was followed by Arthur Roberts, Dr. W. E. Wolf, I. S. Orng, Mrs. S. W. Frost, H. C. Lady, Miss Margaret Reigel, William Boyer and Professor George M. Rice.

"How much night work should be required by High School students" was another topic which brought forth discussion. After some argument it was generally conceded that an hour and a half or two hours of night study was sufficient if the student concentrated all his attention to the work during that time. Rev. T. C. Hesson, gave the parents' view while Luther Lady and E. M. Luther presented the teachers side of the question.

High School students should be given light calisthenic exercises twice each day with special emphasis on breathing, it was decided after hearing the discussions by Miss Florence Love, E. M. Luther, Luther Lady and Miss Mary Rice on the subject "Shall a class in calisthenics be started in our High School." It was recommended that the students be

WILSON MESSAGE TUESDAY

Illness Prevents Him From Deliver-
ing it in Person.

(By Associated Press)
Washington, November 29—President Wilson's message to Congress will not be transmitted until Tuesday it was said to-day at the White House. It is expected to cover a wide range of subjects with particular attention to the industrial situation. The President has been working on the message for two weeks, dictating to a stenographer in his sick room. Because of his illness the President will find it necessary to depart from his usual custom of delivering the message in person.

RAILROADERS IN KANSAS TO QUIT

Two Thousand Men Will Go Out
as Result of Griev-
ance.

WILL TIE UP MUCH COAL

Radical Element Blamed For Issu-
ance of Order, Say National La-
sues no Part of it.

(By Associated Press)
Kansas City, Nov. 29—Two thousand railway trainmen and yardmen in Kansas City are to go on strike at four o'clock this afternoon, according to an announcement made by the local brotherhood of railway trainmen officials.

All of the railroads entering Kansas City will be affected with the possible exception of the Chicago, Rock Island and Pacific. The strike vote was taken at an early hour this morning. It was said the strike was the result of local grievances and it was hinted that a radical element among the railroad men was responsible for its issuance.

Union officials of the trainmen said the National issues of railway trainmen being discussed at Cleveland had no part in the strike. A strike of trainmen here would tie up coal shipments for the greatest part of the southwest.

Only the men working in the yards of two roads in Kansas City are involved in the strike and the chairmen of the road, who are members of the railway trainmen brotherhood say the men outside of Kansas City are making great efforts to-day to avert a local walk out.

STOCK REPORT

Stocks Under Further Pressure in
Short Session.

(By Associated Press)
New York, November 29—Stocks were under further pressure at the opening of to-day's brief session. The shorts again made most of the unfavorable conditions at home and abroad. Reactions of 3 to 15 points marked the early movements in numerous industrials and specialties, notably American tobacco, American motors and Crucible steel. In the rebound some of the losses were recovered in whole or in part. Oils reacted moderately with shipping and metals but those issues made partial recoveries. A few leaders, including United States steel and investment rails made gains toward the end.

The closing was irregular. Sales approximated 750,000 shares.

Mr. Ken. S. Lynch of the Lincoln Way Theatre, wishes to announce he has booked for one night, D. W. Griffith's latest success, "Scarlet Days" for matinee and night, Friday, December 5th.

Under the magic hand of D. W. Griffith how many dead civilizations have returned again to life? He has restored Babylon and Palestine; in "The Birth of a Nation" he made live again the days of the Civil War, and in "Hearts of the World" he brought the battlefields of Europe to our doors.

And now he has revived what is undoubtedly the most picturesque and strangely fascinating period of American history—the days of '49. Days when life was at its fullest, days of adventure and romance, days of robust gallantry—scarlet days.

That's the title of this new Griffith production—"Scarlet Days." It is not a wild west story—it is a story unlike anything ever done. What Griffith presents on his colorful backgrounds is human life. Wherever life is intense and vivid, be it in the living present or in a forgotten age, Griffith finds his material.

You will love the characters of the story—Alvarez, the gallant bandit; Randolph, the heroic aristocrat; Chiquita, the bandit's sweetheart; Resy Nell, and all the others whose lives become real in Griffith's hands.

The picture is a Paramount-Artcraft, enacted by a typical Griffith cast—Richard Barthelmess, Clarence Seymour, Carol Dempster, George Fawcett, Adolph Lestina, Walter Long—you know them all from former Griffith pictures.

Matinee 2:15 p. m. Evening shows 6:30, 8:00, 9:30. Admission 15 cents and 25 cents, plus war tax.—advertisement 1

SPECIAL to-day only. Large sweet Florida oranges, 25 cents per dozen. Buohl & Minter.—advertisement 1

ASK AUTO OWNERS TO GET LICENSES

Rush For 1920 Tags Will Soon be Started. Want Motorists to Aid.

NEW LICENSES ARE BLUE

Estimate 200,000 Touring Car Tags Will be Needed. Increase in Price of Notary Fee This Year.

Benjamin G. Eynon, Registrar of Motor Vehicles for the State Highway Department, to-day announced that the shipment of license tags for motor vehicles for 1920 will begin on or before December 15. He urged that automobile owners must haste in filing their applications for registration.

"We estimate that by January 1, 1920, we will have licensed 200,000 passenger cars, 30,000 commercial cars and 300,000 drivers and operators," said Mr. Eynon to-day. "We do not at this time believe that it will be necessary for any extension of time to the motorists of Pennsylvania because of failure of this Department to deliver 1920 license tags. The motorists themselves will aid us in our work if they will make as early an application for registration as is possible. The new form of application is much more complete than that heretofore used. It will require that car owners have an intimate knowledge of their machines. It will be well, therefore, that motorists secure an application as soon as possible so that no time may be lost in filling out the blank."

New Tags of Blue
The license tags for 1920 are blue, with white numerals. A hyphen is used to divide the numeral into thousands. The keystone hitherto found on license tags has been done away with. Below the numeral will be found the inscription, "Penn. 1920."

Notary Fees Greater
Applicants for registration of motor vehicles will find that when they appear before notaries public, the notary will charge 50c for each affidavit required in the application for registration, instead of 25c as heretofore. If the application for registration also desires an owners license to operate a vehicle, two affidavits are necessary. As told, the fee charged by the notary will be 50c for each affidavit. This charge is provided for in the Act of Assembly approved by the Governor July 10, 1919, wherein all notarial fees are increased.

(By Associated Press)
Charleston, W. Va., November 29—A conference of miners' and operators' representatives in the Kanawha coal district was continued here to-day with the hopes that an agreement might be reached whereby the mines closed may resume operations. The conference held yesterday brought little results toward resumption so far as it could be learned.

Meanwhile President Keeney, of district 17 United Mine Workers said, "The strike may go on independently of any action of the officials. The fourteen per cent wage increase is wholly inadequate."

SHOWS ENGLISH ATTITUDE

Election of Lady Astor Indicates Prohibition for Britain.

Westerville, O., November 29—Officials at the National headquarters here of the Anti-Saloon League of America to-day declared the election of Lady Astor to the British Parliament would have much to do to bring about the victory of prohibition in England.

They said the big vote received was indicative of the interest in England for prohibition. Lady Astor in her campaign speeches espoused anti-liquor legislation.

FOUR MILES OF PERMANENT ROAD

Contractors on County Job Have Made Remarkable Progress.

A BEAUTIFUL STRETCH

Motorists Are Testing First Concrete Road in County. Job Has Been Pushed Despite Delays.

Although the first contract for a permanent concrete road in Adams county will not be completed this year more progress has been made by M. Bennett and Sons on the Harrisburg road job in Straban township, considering the weather and delays in the shipment of material, than probably any other contractor in this section of the State. Within a short time four miles of this completed roadway will be open for traffic and the traveler will be able to experience all the joys of motoring. The bumps are gone, the ruts missing and the grades easy and uniform.

VIEW OF THE ROAD

The above picture gives a fair idea of the kind of roads that are soon to be built in different parts of Adams county.

This section which will soon be open for travel is composed of reinforced concrete slab 18 feet wide, 6 inches thick at the sides and 8 inches thick in the center. The reinforcement consists of wire mesh weighing 25 pounds per hundred square feet and is placed two inches below the surface of the road imparting to the concrete additional toughness and rigidity.

In order to prepare the grade to receive the concrete.

MISS RUTH ANNAN WEDS

Frequent Visitor Here Married in Beloit, Kansas.

Announcements have been received in Gettysburg of the marriage of Miss M. Ruth Annan and Floyd Heiman, both of Beloit, Kansas.

Miss Annan is well known and has many friends in town. She was a frequent visitor at the home of her sister, Mrs. Charles Huber, of Carlisle street, while attending Wilson College, and since that time.

CHILE WOULD MEDIATE

Report Says She Would Assist in Difficulty With Mexico.

(By Associated Press)
Santiago, Chile, November 29—The Nation says it has learned from well informed diplomatic circles that there is a possibility of mediation by the government in the ABC group (Argentina, Brazil and Chile) with the object of composing the difficulties that have arisen between the United States and Mexico over the case of consular Jenkins.

NEEDLEWORK WILL BE COLLECTED

Gettysburg Guild Assists Civic Nurse. Collects Much Clothing.

The annual ingathering of the Gettysburg Needlework Guild will be held on Monday afternoon, December 8, at the Red Cross workroom on High street, from two till four o'clock.

The Needlework Guild is an organization which collects every year from each of its members two new garments for the poor. These garments are given out by the Civic Nurse, Miss Briel, during the winter.

The directors of the organization are Miss Annie Horner, Miss Nina Storrick, Miss Anna M. Reek, Miss Harriet Krauth, Mrs. E. S. Lewars, Miss Lily Dougherty, Mrs. C. B. Stover, and Mrs. W. B. Martin. Mrs. William R. Rebert is the director of the Cashtown branch. Each director is responsible for the collecting of twenty two garments and a small sum of money to be used for necessary expenses.

The Needlework Guild has branches in every large city in England and the United States. Its assistance is given not only to worthy individuals but to charitable institutions such as Hospitals and Orphans' and Old People's Homes. Thus far the garments collected in Gettysburg have been given to individuals. The supply of such articles is almost indispensable to the work of the nurse.

Articles especially made are clothing of all kinds for infants and for children of school age.

ENSIGN KILLED

Former Resident Here Died in Washington Thursday.

Word has been received here of the death of William A. Hollebaugh, Jr., a son of Mr. and Mrs. William A. Hollebaugh and a former resident of Gettysburg now living in Washington, D. C. The young man was killed in an accident on Thanksgiving Day but no particulars have been received of his tragic death by relatives here. He was 22 years of age.

Besides his parents he leaves one sister, Mrs. Colin Collins, of Washington; one brother, S. Russel Hollebaugh, Washington, and a cousin, Miss Anna Hollebaugh, of Hanover street.

At the outbreak of the war he enlisted in the Navy and after studying at a naval school was commissioned an ensign. He made two trips across the Atlantic on the transport, "George Washington" and on one of these trips President Wilson was a passenger. He visited here last November and has a number of friends in town.

COAL MEN MEET

Endeavor to Make Independent Wage Scale Agreement.

(By Associated Press)
Philadelphia, November 29—Soft coal operators of the Central Pennsylvania district will meet here this afternoon to discuss for the miners and independent wage scale. The meeting follows circumstances precipitated during the last twenty four hours. The men who remained in the mines awaiting results from the conference at Washington refused to work to-day.

NEGRO HUNG BY ROADSIDE

Claim He Insulted Young White Woman.

(By Associated Press)
Lake City, Florida, Nov. 29—Farmers coming to this place to-day found the body of a negro hanging to a tree by the roadside. An investigation disclosed that the man had been captured by a mob of white men last night. It is claimed he insulted a young white woman.

VACATION DURING APPLE SEASON?

Question Which Occupied Attention of Arendtsville Parent-Teachers' Association.

TO SEND QUESTIONNAIRES

Favor Recess But Not Early Opening of Schools. Other Important Topics Discussed Friday Night.

Interest centered around the discussion of whether there should be a vacation for the pupils at the Arendtsville schools during the apple picking season at the regular monthly meeting of the Arendtsville Parent-Teachers' Association Friday evening. The topic which brought many speakers forward was "Shall the High School be opened earlier next year and then have a recess during the apple season, if so, how much earlier should the schools be opened?"

Although no definite action was taken by the association it was the general opinion of both teachers and parents that the schools should not be opened any earlier in the fall and that if it is necessary to take a recess during the apple season it would be better to make that time up by continuing the school work later in the spring. In as much as a number of parents were absent from the meeting it was decided to send questionnaires to all parents for the purpose of finding out the opinion of the majority. Professor George Rice and Miss Verna Heckenluber were appointed on the committee to draw up the questionnaires.

H. M. Keller was the first speaker on the subject of recess in the apple picking season and was followed by Arthur Roberts, Dr. W. E. Wolf, I. S. Orng, Mrs. S. W. Frost, H. C. Lady, Miss Margaret Reigel, William Boyer and Professor George M. Rice.

"How much night work should be required by High School students" was another topic which brought forth discussion. After some argument it was generally conceded that an hour and a half or two hours of night study was sufficient if the student concentrated all his attention to the work during that time. Rev. T. C. Hesson gave the parents' view while Luther Lady and E. M. Luther presented the teachers side of the question.

High School students should be given light calisthenic exercises twice each day with special emphasis on breathing, it was decided after hearing the discussions by Miss Florence Love, E. M. Luther, Luther Lady and Miss Mary Rice on the subject "Shall a class in calisthenics be started in our High School." It was recommended that the students be

WILSON MESSAGE TUESDAY

Illness Prevents Him From Delivering it in Person.

(By Associated Press)
Washington, November 29—President Wilson's message to Congress will not be transmitted until Tuesday it was said to-day at the White House. It is expected to cover a wide range of subjects with particular attention to the industrial situation.

The President has been working on the message for two weeks, dictating to a stenographer in his sick room. Because of his illness the President will find it necessary to depart from his usual custom of delivering the message in person.

RAILROADERS IN KANSAS TO QUIT

Two Thousand Men Will Go Out as Result of Grievance.

WILL TIE UP MUCH COAL

Radical Element Blamed For Issuance of Order, Say National Issues no Part of it.

(By Associated Press)
Kansas City, Nov. 29—Two thousand railway trainmen and yardmen in Kansas City are to go on strike at four o'clock this afternoon, according to an announcement made by the local brotherhood of railway trainmen officials.

All of the railroads entering Kansas City will be affected with the possible exception of the Chicago, Rock Island and Pacific. The strike vote was taken at an early hour this morning. It was said the strike was the result of local grievances and it was hinted that a radical element among the railroad men was responsible for its issuance.

Union officials of the trainmen said the National issues of railway trainmen being discussed at Cleveland had no part in the strike. A strike of trainmen here would tie up coal shipments for the greatest part of the southwest.

Only the men working in the yards of two roads in Kansas City are involved in the strike and the chairman of the road, who are members of the railway trainmen brotherhood say the men outside of Kansas City are making great efforts to-day to avert a local walk out.

STOCK REPORT

Stocks Under Further Pressure in Short Session.

(By Associated Press)
New York, November 29—Stocks were under further pressure at the opening of to-day's brief session. The shorts again made most of the unfavorable conditions at home and abroad. Reactions of 3 to 15 points marked the early movements in numerous industrials and specialties, notably American tobacco, American motors and Crucible steel. In the rebound some of the losses were recovered in whole or in part. Oils reacted moderately with shipping and metals but those issues made partial recoveries. A few leaders, including United States steel and investment rails made gains toward the end.

The closing was irregular. Sales approximated 750,000 shares.

Mr. Ken. S. Lynch of the Lincoln Way Theatre, wishes to announce he has booked for one night, D. W. Griffith's latest success, "Scarlet Days" for matinee and night, Friday, December 5th.

Under the magic hand of D. W. Griffith how many dead civilizations have returned again to life? He has restored Babylon and Palestine; in "The Birth of a Nation" he made live again the days of the Civil War, and in "Hearts of the World" he brought the battlefields of Europe to our doors.

And now he has revived what is undoubtedly the most picturesque and strangely fascinating period of American history—the days of '49. Days when life was at its fullest, days of adventure and romance, days of robust gallantry—scarlet days.

That's the title of this new Griffith production—"Scarlet Days." It is not a wild west story—it is a story unlike anything ever done. What Griffith presents on his colorful backgrounds is human life. Wherever life is intense and vivid, be it in the living present or in a forgotten age, Griffith finds his material.

You will love the characters of the story—Alvarez, the gallant bandit; Randolph, the heroic aristocrat; Chiquita, the bandit's sweetheart; Rosy Nell, and all the others whose lives become real in Griffith's hands.

The picture is a Paramount-Artcraft, enacted by a typical Griffith cast—Richard Barthelmess, Clarence Seymour, Carol Dempster, George Fawcett, Adolph Lestina, Walter Long—you know them all from former Griffith pictures.

Matinee 2:15 p. m. Evening shows 6:30, 8:00, 9:30. Admission 15 cents and 25 cents, plus war tax.—advertisement 1

Cloths and Colors

When You Say,
"What's the Price"

When you come in our store this fall and pick out a suit and say to the salesman "How much?" He'll say "\$35", perhaps, or maybe "\$45" or "\$50"—depends on the suit you choose.

You may say "Why, I can beat that price \$5 or \$10."

Probably you can; but that isn't the point, you can't get as much clothes value for your money anywhere else; that \$5 or \$10 is in the suit; it's the \$5 or \$10 that makes good quality possible and makes the suit or overcoat outwear the cheaper one two to one, retain its shape and color.

**"80 Years Young,"
Says Mrs. Wolf**

"At eighty I feel just as spry and active as I did 15 years ago," said Mrs. M. J. Wolf, 1200 W. Montgomery ave., Phila. "Until recently, however, I was beginning to slow up, due to nervous debility and a run-down system. I lost my appetite; food didn't taste right and I couldn't sleep peacefully. A neighbor urged me to try Tanlac. My appetite increased and my food digested the way it should. Tanlac also quieted my nerves." Tanlac is a boon to the aged. Debility, which is so common among old and young, wears the victim away as it gathers force and nourishes itself upon your very life blood. Tanlac acts like magic when it brings back restful sleep, sound digestion, more vitality, and drives away that debated, despondent feeling so quickly that it actually astonishes you. The genuine Tanlac is sold here by People's Drug Store and druggists everywhere.

Says His Prescription

Has Powerful Influence

Over Rheumatism

Discoverer Tells Druggist Not to Take a Cent of Anyone's Money Unless Allergic Completely Banishes All Rheumatic Pains and Twinges.

Mr. James H. Allen suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. People's Drug Store has been appointed agent for Allenhu in this vicinity with the understanding that it will freely return the purchase money to all who state they received no benefit.

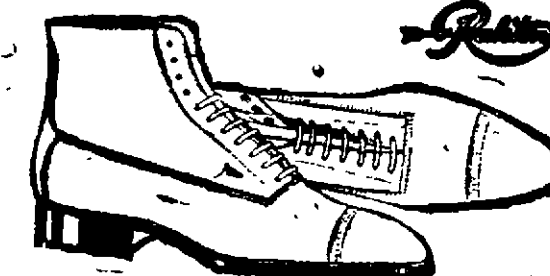

Bring 'Em to Us

If your feet are weary from trying to follow the style procession, just bring them to us.

We'll revive them with easy-to-wear **RALSTONS**—and give enough style into the bargain to keep them in the lead.

NOTICE SERVED TO BOTH SIDES

Government Will Force the Production of Soft Coal.

PROSECUTION THREAT
Striking Miners Invited to Return. Leaders Say Few Will Accept the 14 Per Cent Increase.

Washington, Nov. 29.—The government served blunt notice on soft coal miners and operators last night that interference with coal production would not be tolerated.

Warning that legal prosecution would be employed to thwart conspiracies by either side and troops sent wherever necessary to protect miners willing to work came from the Department of Justice after members of the cabinet had considered every phase of the fuel situation, admittedly critical, in view of the abrupt breaking off of negotiations.

It is not the intention of the government to let the mines remain idle with half of the country in the grip of cold weather and the coal stocks rapidly diminishing.

The administration, it was said by those in a position to know, had fully expected the miners to reject the 14 per cent wage increase offered by Fuel Administrator Garfield. Anticipating this, plans had been considered for augmenting the present output of bituminous mines, officially figured at better than 40 per cent of normal.

To Force Production

A statement by Assistant Attorney General Ames, issued late in the day, gave assurance to all miners that they would be afforded ample protection if they returned to work, even if troops had to be called out. This was the only definite statement of policy from the government. In official circles it was said that the federal authorities were determined to force resumption of operations on the terms laid down by the Fuel Administrator.

The Department of Justice statement called attention to the fact that instructions issued heretofore by the War Department in connection with the possible use of troops in coal field regions still were in effect, and that department commanders stood ready to guard the fields the instant their aid was requested by the state authorities.

To Invite Miners Back

Operators last night set out to resume production, so far as that was possible under the muddled conditions, by telegraphing notice for posting at mines everywhere an increase of 14 per cent for all men willing to work.

There were few expressions as to how this information might be received, but representatives of the miners here still declared it would be no incentive, and that it would be ignored, especially in the central competitive fields, embracing the States of Ohio, Illinois, Indiana and Western Pennsylvania. Operators, however, believed that it would draw large numbers to the mines and that next week would see a big increase in the daily soft coal output.

Ready to Seize Mines

Dr. Garfield had explained earlier in the day that he regarded 14 per cent a just and sufficient wage advance for mine workers, and that mine owners who did not co-operate with the government would find their properties taken over and operated by the Fuel Administration.

ENTERTAINMENT

Advance Light Bearers of Presbyterian Church Entertain.

The Advance Light Bearers of the Presbyterian church gave their first entertainment Friday evening. The room was crowded to capacity.

The following program was well rendered: prayer; piano solo, Kathryn Hill; solo, Elizabeth Bigham; recitation, Mae Reinecker; duet, Anna Thomas and Anna Wilson; piano solo, Helen Beales; recitation, Marian Beales; solo, Vera Kadel; recitation, Elizabeth Bigham; piano solo, Anna Wilson; recitation, Mary E. Taylor; offering, Marian Beales; trio, Marian Beales, Helen Beales, Miss Taylor; song, "Star Spangled Banner."

An offering of five dollars was contributed to the cause of the missions.

GOT BIG BEAR

Grover C. Myers Shot Bear Measuring Over Seven Feet in Length.

Grover C. Myers, of Gardners, has returned from a hunting trip after having shot what is said to be the largest bear taken out of Lycoming county this year. The animal measured seven feet, one inch, from nose to tail.

HUGE PORKERS

Ira Pitzer, of Biglerville, killed four hogs, weighing respectively, 459, 448½, 445, 413 pounds, or a total of 1766½ pounds.

GEORGES CREEK MINES CLOSED

Company Issues Bulletin Stating it Was Impossible to Continue.

Cumberland, Md., Nov. 29.—The Georges Creek Coal Company, the largest coal operators in Allegheny county, last night issued the following order, which was bulletined at their office at Lonaconing:

"In view of the fact that the employees of this company quit work without notice, the mines will be closed indefinitely. Former employees will receive their tools by to-day or Monday, and call at the office at two o'clock Monday afternoon to be paid off."

With thousands of the miners from District No. 16, which embraces the Georges Creek and Upper Potomac regions here already out from Frostburg, Md., to Piedmont, W. Va., and from Westernport, Md., to Thomas, W. Va., the statement was officially made last night that a complete tie-up once again is impending and that this morning some 8,000 dissatisfied with a 14 per cent raise will go out again. These miners are the same men who several weeks ago went out at the call of the national officials and then went back in a body when the Federal Court ordered their national officers at Indianapolis to call off the strike.

The miners of Allegheny county went back to work unwillingly, but they obeyed the order of their district officers here, who, however, asserted that they have had to use much diplomacy and argument to keep them at work pending a decision at Washington. A leader of miners said to-day:

"Let the Government send men here to run the mines; they won't need any soldiers to protect them; we'll show them how to run the mines, and if they are not sick of it within a month and refuse to work the hours they want us to, for the pay they ask us to accept, I'll give up." Officials at United Mine Workers' headquarters freely expressed themselves on the situation. They say they have not called a strike, the men simply going out of their own volition. William J. Trickett, secretary-treasurer of the United Mine Workers, claims that all the mines will be completely tied up again to-day.

BABY DAY A HEALTH FEATURE

Parents Invited to Bring Infants to Xavier Hall on Saturday.

One of the big features of the Health Exhibit which will be staged in Xavier Hall next week from Tuesday to Saturday is Baby Day which has been announced for Saturday. On that day all the babies in Gettysburg have been invited to come to Xavier Hall where several nurses and assistants will be on hand to examine them and judge their health status. Although the usual Baby Show will not be conducted here this baby day idea to a certain extent takes its place.

Starting Tuesday noon the Health Exhibit, which is a part of the nation wide campaign in the United States to improve the health of the coming generation will hold its first session. The Gettysburg Chapter of the Red Cross has taken charge of the project and has arranged all the details for its success.

Not only will the welfare of the babies and school children of Gettysburg be studied but the lectures to be given Tuesday and Thursday nights are for persons older than eighteen years. Dr. Miller and Dr. Gans, who are the speakers for the occasions, are well known to several of the local physicians who say their advice on general health subjects are straightforward and easy to understand. Dr. Gans will address the college students on Thursday evening before addressing the meeting at Xavier Hall.

Along with the Health Exhibit will go the Red Cross Christmas seal campaign which is another drive for health. An attractive booth is being built in Xavier Hall where the "messengers of health" can be purchased by those interested in child welfare who will through the exhibit room during the week.

GET FIRST PAY

College Soldiers Receive Pay Checks From Government.

Members of the Senior Division of the R. O. T. C. at Gettysburg College have drawn their first pay checks. Due to a misunderstanding at headquarters these checks have been delayed many months and cover only the commutation of rations from April to December 30. Another payment will be due when the men return from the Christmas vacations.

Major Tuttle, commandant of the corps, has been informed that the model 1917 rifle now in use by the men will be replaced. It is expected that the Springfield, 1903 model will be the one to be installed in the college unit. This rifle is one pound lighter than those in use and is considered the best rifle ever made.

BREAK FEARED OVER OUTRAGE

Carranza Troops Murder James Wallace, American Oil Man.

SITUATION MORE GRAVE
Washington Regards it as Last Straw. Jenkins Case Not Yet Settled.

Washington, November 29.—Matters between the United States and the Carranza government in Mexico are moving steadily toward the point of an early diplomatic rupture of friendly relations. When that point is reached the American Charge d'Affairs in Mexico City, George T. Summerlin, will be instructed to ask for his passports, and passports will be handed to Ygnacio Bonillas, the Mexican minister in Washington, while President Wilson will probably report to Congress on the situation for such action as the legislative branch is disposed to favor.

How soon the threatened severance of relations will occur could not be ascertained from any authoritative source last night, but there was ample evidence that it has been brought appreciably nearer by the murder of another American in Mexico and the unsatisfactory attitude of the Carranza government toward the American demand for the "immediate" release of William O. Jenkins, the American consular agent at Puebla.

Murder Unwarranted

News of the latest outrage reached Secretary Lansing late Friday afternoon when he was notified from Tampico that James Wallace, an American employe of one of the oil companies operating in the fields near the East Coast portion of Mexico, had been murdered the day before Thanksgiving Day. The Department of State received a flash message giving a preliminary outline of the case.

Further particulars are being awaited. While all the details have not been supplied, enough has been communicated to Secretary Lansing to indicate that the murder of Wallace was unwarranted, and that he was shot down in cold blood by a Carranza soldier because a horse which Wallace was riding became frightened at the operation of a machine gun and overturned the gun. The Carranza soldier was not arrested, and so far as is known, was not even called to account for his deliberate shooting of Wallace.

Here is the official announcement by the State Department on this newest addition to the already long list of Americans killed in Mexico:

Official Statement
"James Wallace, an employe of an oil company near Tampico, was murdered by a Mexican Federal soldier at Portero del Llano on Wednesday, November 26.

"The department's information is that the murder was unwarranted.

"The murderer was not taken into custody. According to the department's advice, the officer in charge of the troops camped in the vicinity claimed that Wallace provoked the murder.

"The department has been informed, as the result of investigation, that a mule, on which Wallace was riding to his place of employment, shied at a machine gun which it was passing and overturned the gun. The soldier immediately shot Wallace, the bullet striking him in the neck and killing him instantly."

POSTER COMPETITION

Best Health Exhibit Design Made By Miss Mary Durboraw.

In connection with the Health Exhibit to be held next week in Xavier Hall, prizes were offered to the students in the High School who prepared posters. Nineteen posters, made of excellent quality were submitted. The blue ribbon, first prize, was awarded to Miss Mary Durboraw, whose poster will be in the window of the Department Store. The red ribbon, second prize, was awarded to Miss Mary Furney, whose poster will be in the window of H. T. Weaver's store, and the white ribbon, third prize, to Miss Mary Stouffer, whose poster will be in the window of the Woman's Exchange.

The judges, Mrs. William Hersh, Mrs. C. B. Stover, Miss Storrick and Mrs. E. S. Lewars, were directed to select the work which had the best qualities as an advertisement, and therefore took into account both the pictures and the clearness of the lettering.

The above-mentioned merchants and many others will have special window displays during Health week.

INFORMATION wanted: any one having any information of any kind, which may lead to the discovery of facts pertaining to the whereabouts of John L. Burns, "Hero of the Battle of Gettysburg," between the years 1814 and 1846, will please communicate at once with J. Louis Sowers, of Gettysburg, Pa.—advertisement

WANT RETURN OF AMERICAN DEAD

French Authorities May Yield to Desires of American People.

Paris, November 29.—Efforts to return the bodies of America soldiers soon are being continued, regardless of the officially expressed attitude of the French government against permitting American exhumations before the same privilege is accorded French families. The American Embassy has presented to the Foreign Office a note from Washington setting forth the desire of the American people to have their dead in their own country as soon as possible.

Brigadier General W. D. Connor, commander of the American troops in France, recently held a meeting with the French authorities to discuss the procedure in exhumations when the time comes for removal of the bodies. Notwithstanding the French officials' attitude against allowing the Americans to remove their dead while the French must wait, it is said to be the feeling in some French quarters that it would be difficult to refuse the Americans if pressure were exerted.

It is pointed out that the French have more than a million bodies of their own, which would require much time to remove; that the Americans are far ahead of the French in grouping and identifying their bodies, and that the number of American dead is slight compared with either the British or French.

The Belgians are so near to France that it is believed they have less reason to urge their wishes.

Thus far the American negotiations have been limited to general representations covering all the American dead. If later negotiations should result in the French releasing American dead in the interior, it is admitted this would make it much easier to urge that the remainder of the exhumations be permitted.

ISAAC H. PETERS

Former Bendersville Resident Died Here on Friday.

Isaac H. Peters, formerly of Bendersville, died from apoplexy on Friday night at 10:00 o'clock at the home of his daughter, Mrs. Emma Biddle, on Water street. He was aged 83 years, 7 months and 27 days.

Mr. Peters was born in Menallen township, April 1, 1836, and the most of his life was spent in Bendersville. For twenty five years he was a salesman for Tyson Brothers, and for fifteen years followed the trade of miller. He was also a councilman in Bendersville for a number of years.

He leaves his wife who, before marriage, was Miss Catherine Routsong, daughter of the late Mr. and Mrs. Jonas Routsong, of Bendersville; two daughters, Mrs. Emma Biddle, of Gettysburg; Miss Ella Peters; two sons, George M. Peters, and Robert D. Peters, Bendersville; and six grandchildren; also two brothers and two sisters, Reuben Peters, Elias Peters, Mrs. Belle Pensyl and Mrs. Jane Heiges.

He was a member of Bendersville Reformed church.

Funeral services at the home of Mrs. Biddle, on Water street, on Tuesday morning at 10 o'clock, conducted by Rev. T. C. Hesson, further services at Bendersville Lutheran church at 12:30 o'clock conducted by Rev. T. C. Hesson, assisted by Rev. Scott.

Interment at Bendersville.

MARRIES SAILOR

Anna J. Dazies, New Oxford, Married Thursday Evening.

Earl A. Motter, of Halifax, Dauphin county, and Anna J. Dazies, daughter of Henry Dazies, Philadelphia, were married at the New Oxford Lutheran parsonage, at 5:30 Thursday evening. Rev. W. M. Allison, pastor, performed the ceremony. The bride makes her home with Mrs. Bern Weaver, New Oxford, and the bridegroom is a sailor, attached to the U. S. S. Louisiana, now in the Philadelphia port. He served during the World War and will be discharged next July. After that the young couple will make their home in Philadelphia. In the meantime Mrs. Motter will remain at the home of Mrs. Weaver.

BRENT-SWARTZ

Reading Couple Married Thursday by Rev. F. H. Brunstetter.

John F. Brent and Florence M. Swartz, both from Reading, were married Thursday afternoon at 3 o'clock by Rev. F. H. Brunstetter in the Methodist Parsonage on Baltimore street. The couple were on their way to Washington, D. C.

SALESMEN: we want alert, intelligent men to handle a proposition throughout Pennsylvania—commission basis. Men are now making \$100 to \$200, per week. Those with an acquaintance among the automobile trade preferred; a large territory to each man. Write for interview. M. J. Noble, 171 Fern avenue, Lyndhurst, N. J.—advertisement

PERSONAL NOTES AND BRIEF ITEMS

News Notes From Around Town and Throughout the County.

MANY DAILY VISITORS

Mention of Guests From Nearby Towns. Short Paragraphs of General Interest.

Miss Hannah Boyle, of High street, is spending some time in Hazleton, visiting relatives and friends.

Miss Mary Myers has returned to her home on Baltimore street, after spending the Thanksgiving holidays with relatives in Westminster and Baltimore.

C. T. Lower, of McKnightstown, has returned from a week's business trip to Chicago.

L. C. Keefauver, who is teaching school at Hampstead, Maryland, is spending a few days with friends in Gettysburg.

Ralph Oyler, a student at the University of Pennsylvania, is spending several days at the home of his parents, Mr. and Mrs. J. Price Oyler, York street.

Miss Lily Dougherty has returned to her home on High street, after spending the past several days with relatives in Philadelphia.

Miss Ruth Hamilton, of Carlisle street, has gone to Pottstown, where she will be the guest of friends for several days.

Mr. and Mrs. Claire Sowers have returned to Cashtown after an extended wedding trip through the New England states and New York City.

Miss Mary Lady, who teaches at Bryn Mawr, is spending a few days at the home of her parents, Mr. and Mrs. H. C. Lady, of Arendtsville.

Miss Lorna Weaver, of Washington, D. C., is spending the week-end at the home of her mother, Mrs. Ella Weaver, and family, on High street.

Professor C. W. Rutschky, instructor in the Arendtsville Vocational school, was called to his home in Pottstown by the illness of his mother, Mrs. S. Rice and daughter, Mary, and Mr. and Mrs. Luther Rice and family, of Arendtsville, spent Thanksgiving Day with Mr. and Mrs. Edwin Rice, of Chambersburg.

VACATION DURING APPLE SEASON?

(Continued from First Page.)

given a few minutes in the forenoon and afternoon for calisthenic work.

The meeting opened with Mrs. S. W. Frost, president, in charge, and Mrs. A. I. Weidner, secretary.

The following was the remainder of the program rendered: Song, "Junia"; recitation, Miss Etta Knouse; song, "Old Black Joe"; piano solo, Isabel Knouse; piano duet, Ellen Hoffman and Grace Klepper. A short business session followed the program at which time Rev. T. C. Hesson, Arthur Roberts and Mrs. G. M. Rice were appointed on the program committee and Mrs. Luther Rice and S. A. Skinner on the visiting committee. The attendance banner was won by the Grammar and High School.

INSURANCE FOR WOMEN

Labor Conference Passes Measure For Protection of Women.

(By Associated Press)

Washington, Nov. 29.—Women wage earners, including those engaged in commercial and industrial work would be indemnified for the time lost during childbirth under a convention adopted to-day by the International Labor conference for submission to the various governments for approval.

The convention as originally drafted was amended so that reimbursement would be paid by the state or "by a means or system of insurance."

OPEN DANCING ACADEMY

Waynesboro Man Has Rented Battlefield Hotel.

Announcement has just been made here that Professor H. P. Woltz and his wife, of Waynesboro, have rented the Battlefield Hotel and have converted the dining room into a dancing floor. They expect to hold dances there twice each week. Mr. Woltz is the manager of the Arcade Dancing Academy at Waynesboro.

SELL TIRES—30x3 1-2 —\$11.70. How many non skid 30x3 1-2 tires—Goodyear, Goodrich, U. S. Kelly, Fisk, etc. could you sell at \$11.70? Other sizes just as cheap. Six tires a day means \$5000.00 per year. Devote spare or full time. No experience—no office—no investment necessary. Make big money while establishing a permanent business. THIEVES IN MOUNTAIN

Cottage Near Graeffenburg Stripped By Robbers.

Although the cottages about Pen-Mar have suffered much from thieves during the period of their unoccupancy, thus far those in the Graeffenburg section have been free from the work of pillagers. But on Thursday H. S. Gilbert, of Lincoln Way East, who went to his property above Graeffenburg to get ready Fern Hill cottage for a group of Red Lion deer hunters, found that his Rest cottage had been visited by thieves and literally stripped. A large lot of dishes, kitchen utensils, curtains and bed clothing had been removed by the thieves who broke in through a window.

WEATHER FOR THE WEEK

Fair First Half Rain and Colder in Second.

(By Associated Press)

Washington, November 29.—Weather predictions for the week beginning Monday in the north and middle Atlantic states: fair during first half except show in New England with temperature below normal. Unsettled with rain in the second half.

BRYSONIA

Brysonia—

HUNTERS ON EDGE ON EVE OF SEASON

(Continued from First Page)

D. J. Forney, John Wisotzky, and several others will be located in Mr. Forney's cottage at the Marsh Creek bridge.

State Game Commission officials are looking for more men to be out hunting deer this year than ever before, mainly because there are now more men familiar with rifles in Pennsylvania than ever, through war service, and because of the great boom in hunting which has been reflected by the issuance of about 350,000 hunters' licenses.

There are more deer than known for a long time, say the game authorities, but the animals are like the wild turkeys, which are numerous and mighty shy. To meet the changes in the deer hunting conditions the State will have more men in the field to prevent the killing of does and deer, without horns, and it is the intention to prosecute persons who kill the female animals. In some of the deer districts bodies of does have already been found.

The plan is to caution hunters through wardens and special deputies in the vicinity of the camps, many of which will be on State lands through permission of the State Forestry Department. Many inquiries have come to the offices of the Game Commission from men who served in the army as to the provisions of the game code in regard to deer and no trouble is anticipated in enforcing the law as many have offered to aid.

Many residents in the deer section open their houses to the hunters and the coming two weeks will be the most exciting of the year for the mountain districts of the county. Among the houses that are always available to hunters are those of John Irvin, of Buchanan Valley, who usually keeps thirty hunters and Mr. Irvin acts as guide to the men; James Sheppard, of Caledonia, is usually able to care for thirty men and the Graefenburg Inn is always filled to overflowing.

STARNERS

Starners—James Starn and sister, Miss Beulah Starn, spent Sunday in Gettysburg with Miss Hewitt.

Lawrence Weidner and family made a business trip to Carlisle on Saturday.

Mrs. Maria Wolford spent Wednesday with her daughter, Mrs. Alfred Paxton, and family.

William Wolford and family spent Wednesday with his sister, Mrs. Oris Slaybaugh, and family, at Centre Mills.

C. M. Starn and family spent Sunday at Harrisburg.

Miss Mary Stauffer, of Carlisle, spent Sunday with Mr. and Mrs. C. F. Shusser.

Charles Weidner, of Carlisle, has purchased a farm from his father-in-law, James Walter, near Goodyear. George Walter, who lives on the farm, has purchased the George Himes farm, near Ground Oak Church.

Anna Weidner spent Sunday with Miss Velma Starn and Miss Gladys Starn.

Miss Laura Weidner spent Sunday with her friend, Miss Mary Camp, near Goodyear.

Mervin Beamer is having the interior of his house painted before moving into it.

Oliver Kline moved last week from Goodyear to the house owned by Oris Weidner.

Mr. and Mrs. William Shaffer announce the birth of a son.

ONE DAY'S INCOME

Members of United Brethren Church Asked to Make Denial Offering.

In order to meet the imperative needs of the various boards of the United Brethren church the denomination is calling for a Thanksgiving self-denial offering equivalent to one day's income to be made on Sunday, November 30.

This is one feature of the United Enlistment Movement of this denomination. This movement is designed to mobilize the United Brethren forces to help meet the present world needs. It will co-operate with the Inter-church World Movement.

The thirty five hundred United Brethren churches are now in the midst of an educational campaign which is resulting in the enlistment of intercessors, life-work recruits for the ministry and missionary work, and tithing stewards. The colleges of the United Brethren church are full to overflowing.

COMING EVENTS

Dec. 2-6—Health Exhibit, Xavier Hall.

Dec. 15-19—Teachers' Institute, Xavier Hall.

PLAN MISSIONARY DRIVE

Lutherans Met in York. Begin Easter Sunday.

The general secretaries of the Lutheran boards of home mission and church extension, the Northwestern, and Immigration, the Jewish Missions, and the West Indies, at a meeting held in York, decided to organize a great drive for funds on Easter Sunday, April 4, next, and as a preliminary and in order to formulate plans and to co-ordinate them, a meeting has been called for New York city on January 9, next. A committee was appointed to push the enterprise.

GASHED FINGER

Morris Miller, of town, had the misfortune to cut the first finger of his left hand Thursday morning. The gash was of such length that it was necessary to have the wound stitched.

FOR SALE

JACK: good conformation, heavy boned, sound and a sure foal producer.

PAIR MULES: coming 2 years old, good size, quiet and gentle. Will make a good team.

H. C. SNYDER, R2, Gettysburg.

COUNCIL MEETING MONDAY

E. Clark Cowden Will Talk on Paving and Lighting.

A special meeting of the Town Council will be held Monday evening when E. Clark Cowden, of the Bureau of Municipalities, from Harrisburg, will appear before them in reference to the street paving and lighting projects.

The Bureau of Municipalities is a new Bureau that was formed in accordance with the new State law requiring such an office to aid boroughs and towns in making improvements. The paving and lighting questions will be fully discussed and Mr. Cowden will give advice on the subjects. The Council will meet twice this week as Tuesday is their regular meeting night.

NOTICE SERVED TO BOTH SIDES

Government Will Force the Production of Soft Coal.

PROSECUTION THREAT

Striking Miners Invited to Return. Leaders Say Few Will Accept the 14 Per Cent Increase.

Washington, Nov. 29.—The government served blunt notice on soft coal miners and operators last night that interference with coal production would not be tolerated.

Warning that legal prosecution would be employed to thwart conspiracies by either side and troops sent wherever necessary to protect miners willing to work came from the Department of Justice after members of the cabinet had considered every phase of the fuel situation, admittedly critical, in view of the abrupt breaking off of negotiations.

It is not the intention of the government to let the mines remain idle with half of the country in the grip of cold weather and the coal stocks rapidly diminishing.

The administration, it was said by those in a position to know, had fully expected the miners to reject the 14 per cent wage increase offered by Fuel Administrator Garfield. Anticipating this, plans had been considered for augmenting the present output of bituminous mines, officially figured at better than 40 per cent of normal.

To Force Production

A statement by Assistant Attorney General Ames, issued late in the day, gave assurance to all miners that they would be afforded ample protection if they returned to work, even if troops had to be called out. This was the only definite statement of policy from the government. In official circles, it was said that the federal authorities were determined to force resumption of operations on the terms laid down by the Fuel Administrator.

The Department of Justice statement called attention to the fact that instructions issued heretofore by the War Department in connection with the possible use of troops in coal field regions still were in effect, and that department commanders stood ready to guard the fields the instant their aid was requested by the state authorities.

To Invite Miners Back

Operators last night set out to resume production, so far as that was possible under the muddled conditions, by telegraphing notice for posting at mines everywhere an increase of 14 per cent for all men willing to work.

There were few expressions as to how this information might be received, but representatives of the miners here still declared it would be no incentive, and that it would be ignored, especially in the central competitive fields, embracing the States of Ohio, Illinois, Indiana and Western Pennsylvania. Operators, however, believed that it would draw more numbers to the mines and that the week would see a big increase in the daily soft coal output.

Ready to Seize Mines

Dr. Garfield had explained earlier in the day that he regarded 14 per cent a just and sufficient wage advance for mine workers, and that mine owners who did not co-operate with the government would find their properties taken over and operated by the Fuel Administration.

ENTERTAINMENT

Advance Light Bearers of Presbyterian Church Entertain.

The Advance Light Bearers of the Presbyterian church gave their first entertainment Friday evening. The room was crowded to capacity.

The following program was well rendered: prayer; piano solo, Kathryn Hill; solo, Elizabeth Bigham; recitation, Mae Reinacker; duet, Anna Thomas and Anna Wilson; piano solo, Helen Beales; recitation, Marian Beales; solo, Vera Kadel; recitation, Elizabeth Bigham; piano solo, Anna Wilson; recitation, Mary E. Taylor; offering, Marian Beales; trio, Marian Beales, Helen Beales, Miss Taylor; song, "Star Spangled Banner."

An offering of five dollars was contributed to the cause of the missions.

GOT BIG BEAR

Grover C. Myers Shot Bear Measuring Over Seven Feet in Length.

Grover C. Myers, of Gardners, has returned from a hunting trip after having shot what is said to be the largest bear taken out of Lyncoming county this year. The animal measured seven feet, one inch, from nose to tail.

HUGE PORKERS

Ira Pitzer, of Biglerville, killed four hogs, weighing respectively, 459, 448½, 445, 412 pounds, or a total of 1765½ pounds.

GEORGES CREEK MINES CLOSED

Company Issues Bulletin Stating it Was Impossible to Continue.

Cumberland, Md., Nov. 29.—The Georges Creek Coal Company, the largest coal operators in Allegheny county, last night issued the following order, which was bulletined at their office at Lonaconing:

"In view of the fact that the employees of this company quit work without notice, the mines will be closed indefinitely. Former employees will receive their tools by to-day or Monday, and call at the office at two o'clock Monday afternoon to be paid off."

With thousands of the miners from District No. 16, which embraces the Georges Creek and Upper Potomac regions here already out from Frostburg, Md., to Piedmont, W. Va., and from Westernport, Md., to Thomas, W. Va., the statement was officially made last night that a complete tie-up once again is impending and that this morning some 8,000 dissatisfied with a 14 per cent raise will go out again. These miners are the same men who several weeks ago went out at the call of the national officials and then went back in a body when the Federal Court ordered their national officers at Indianapolis to call off the strike. The miners of Allegheny county went back to work unwillingly, but they obeyed the order of their district officers here, who, however, asserted that they have had to use much diplomacy and argument to keep them at work pending a decision at Washington. A leader of miners said to-day:

"Let the Government send men here to run the mines; they won't need any soldiers to protect them; we'll show them how to run the mines, and if they are not sick of it within a month and refuse to work the hours they want us to, for the pay they ask us to accept, I'll give up." Officials at United Mine Workers' headquarters freely expressed themselves on the situation. They say they have not called a strike, the men simply going out of their own volition. William J. Trickett, secretary-treasurer of the United Mine Workers, claims that all the mines will be completely tied up again to-day.

BABY DAY A HEALTH FEATURE

Parents Invited to Bring Infants to Xavier Hall on Saturday.

One of the big features of the Health Exhibit which will be staged in Xavier Hall next week from Tuesday to Saturday is Baby Day which has been announced for Saturday. On that day all the babies in Gettysburg have been invited to come to Xavier Hall where several nurses and assistants will be on hand to examine them and judge their health status. Although the usual Baby Show will not be conducted here this baby day idea to a certain extent takes its place.

Starting Tuesday noon the Health Exhibit, which is a part of the nation wide campaign in the United States to improve the health of the coming generation will hold its first session. The Gettysburg Chapter of the Red Cross has taken charge of the project and has arranged all the details for its success.

Not only will the welfare of the babies and school children of Gettysburg be studied but the lectures to be given Tuesday and Thursday nights are for persons older than eighteen years. Dr. Miller and Dr. Gans, who are the speakers for the occasions, are well known to several of the local physicians who say their advice on general health subjects are straightforward and easy to understand. Dr. Gans will address the college students on Thursday evening before addressing the meeting at Xavier Hall.

Along with the Health Exhibit will go the Red Cross Christmas seal campaign which is another drive for health. An attractive booth is being built in Xavier Hall where the "messengers of health" can be purchased by those interested in child welfare who will through the exhibit room during the week.

GET FIRST PAY

College Soldiers Receive Pay Checks From Government.

Members of the Senior Division of the R. O. T. C. at Gettysburg College have drawn their first pay checks. Due to a misunderstanding at headquarters these checks have been delayed many months and cover only the commutation of rations from April to December 30. Another payment will be due when the men return from the Christmas vacations.

Major Tuttle, commandant of the corps, has been informed that the model 1917 rifle now in use by the men will be replaced. It is expected that the Springfield, 1903 model will be the one to be installed in the college unit. This rifle is one pound lighter than those in use and is considered the best rifle ever made.

BREAK FEARED OVER OUTRAGE

Carranza Troops Murder James Wallace, American Oil Man.

SITUATION MORE GRAVE

Washington Regards it as Last Straw. Jenkins Case Not Yet Settled.

Washington, November 29.—Matters between the United States and the Carranza government in Mexico are moving steadily toward the point of an early diplomatic rupture of friendly relations. When that point is reached the American Charge d'Affairs in Mexico City, George T. Summerlin, will be instructed to ask for his passports, and passports will be handed to Ygnacio Bonillas, the Mexican minister in Washington, while President Wilson will probably report to Congress on the situation for such action as the legislative branch is disposed to favor.

How soon the threatened severance of relations will occur could not be ascertained from any authoritative source last night, but there was ample evidence that it has been brought appreciably nearer by the murder of another American in Mexico and the unsatisfactory attitude of the Carranza government toward the American demand for the "immediate" release of William O. Jenkins, the American consular agent at Puebla.

Murder Unwarranted

News of the latest outrage reached Secretary Lansing late Friday afternoon when he was notified from Tampico that James Wallace, an American employe of one of the oil companies operating in the fields near the East Coast portion of Mexico, had been murdered the day before Thanksgiving Day. The Department of State received a flash message giving a preliminary outline of the case.

Further particulars are being awaited. While all the details have not been supplied, enough has been communicated to Secretary Lansing to indicate that the murder of Wallace was unwarranted, and that he was shot down in cold blood by a Carranza soldier because a horse which Wallace was riding became frightened at the operation of a machine gun and overturned the gun. The Carranza soldier was not arrested, and so far as is known, was not even called to account for his deliberate shooting of Wallace.

Here is the official announcement by the State Department on this newest addition to the already long list of Americans killed in Mexico:

Official Statement
"James Wallace, an employe of an oil company near Tampico, was murdered by a Mexican Federal soldier at Portero del Llano on Wednesday, November 26.

"The department's information is that the murder was unwarranted.

"The murderer was not taken into custody. According to the department's advice, the officer in charge of the troops camped in the vicinity claimed that Wallace provoked the murder.

"The department has been informed, as the result of investigation, that a mule, on which Wallace was riding to his place of employment, shied at a machine gun which it was passing and overturned the gun. The soldier immediately shot Wallace, the bullet striking him in the neck and killing him instantly."

POSTER COMPETITION

Best Health Exhibit Design Made By Miss Mary Durboraw.

In connection with the Health Exhibit to be held next week in Xavier Hall, prizes were offered to the students in the High School who prepared posters. Nineteen posters, made of excellent quality were submitted. The blue ribbon, first prize, was awarded to Miss Mary Durboraw, whose poster will be in the window of the Department Store. The red ribbon, second prize, was awarded to Miss Mary Furney, whose poster will be in the window of H. T. Weaver's store, and the white ribbon, third prize, to Miss Mary Stouffer, whose poster will be in the window of the Women's Exchange.

The judges, Mrs. William Horsh, Mrs. C. B. Stover, Miss Storrick and Mrs. E. S. Lewars, were directed to select the work which had the best qualities as an advertisement, and therefore took into account both the pictures and the clearness of the lettering.

The above-mentioned merchants and many others will have special window displays during Health week.

INFORMATION wanted: any one having any information of any kind which may lead to the discovery of facts pertaining to the whereabouts of John L. Burns, "Hero of the Battle of Gettysburg," between the years 1814 and 1846, will please communicate at once with J. Louis Sowers, of Gettysburg, Pa.,—advertisement

WANT RETURN OF AMERICAN DEAD

French Authorities May Yield to Desires of American People.

Paris, November 29.—Efforts to return the bodies of America soldiers soon are being continued, regardless of the officially expressed attitude of the French government against permitting American exhumations before the same privilege is accorded French families. The American Embassy has presented to the Foreign Office a note from Washington setting forth the desire of the American people to have their dead in their own country as soon as possible.

Brigadier General W. D. Connor, commander of the American troops in France, recently held a meeting with the French authorities to discuss the procedure in exhumations when the time comes for removal of the bodies. Notwithstanding the French officials' attitude against allowing the Americans to remove their dead while the French must wait, it is said to be the feeling in some French quarters that it would be difficult to refuse the Americans if pressure were exerted.

It is pointed out that the French have more than a million bodies of their own, which would require much time to remove; that the Americans are far ahead of the French in grouping and identifying their bodies, and that the number of American dead is slight compared with either the British or French.

The Belgians are so near to France that it is believed they have less reason to urge their wishes.

Thus far the American negotiations have been limited to general representations covering all the American dead. If later negotiations should result in the French releasing American dead in the interior, it is admitted this would make it much easier to urge that the remainder of the exhumations be permitted.

ISAAC H. PETERS

Former Bendersville Resident Died Here on Friday.

Isaac H. Peters, formerly of Bendersville, died from apoplexy on Friday night at 10:00 o'clock at the home of his daughter, Mrs. Emma Biddle, on Water street. He was aged 83 years, 7 months and 27 days.

Mr. Peters was born in Menallen township, April 1, 1836, and the most of his life was spent in Bendersville. For twenty five years he was a salesman for Tyson Brothers, and for fifteen years followed the trade of miller. He was also a councilman in Bendersville for a number of years.

He leaves his wife who, before marriage, was Miss Catherine Roussong, daughter of the late Mr. and Mrs. Jonas Roussong, of Bendersville; two daughters, Mrs. Emma Biddle, of Gettysburg; Miss Ella Peters; two sons, George M. Peters, and Robert D. Peters, Bendersville; and six grandchildren; also two brothers and two sisters, Reuben Peters, Elias Peters, Mrs. Belle Pensyl and Mrs. Jane Heiges.

He was a member of Bendersville Reformed church.

Funeral services at the home of Mrs. Biddle, on Water street, on Tuesday morning at 10 o'clock, conducted by Rev. T. C. Hesson, further services at Bendersville Lutheran church at 12:30 o'clock conducted by Rev. T. C. Hesson, assisted by Rev. Scott.

Interment at Bendersville.

MARRIES SAILOR

Anna J. Dazies, New Oxford, Married Thursday Evening.

Earl A. Motter, of Halifax, Dauphin county, and Alma J. Dazies, daughter of Henry Dazies, Philadelphia, were married at the New Oxford Lutheran parsonage, at 5:30 Thursday evening. Rev. W. M. Allison, pastor, performed the ceremony. The bride makes her home with Mrs. Bern Weaver, New Oxford, and the bridegroom is a sailor, attached to the U. S. S. Louisiana, now in the Philadelphia port. He served during the World War and will be discharged next July. After that the young couple will make their home in Philadelphia. In the meantime Mrs. Motter will remain at the home of Mrs. Weaver.

BRENT-SWARTZ

Reading Couple Married Thursday by Rev. F. H. Brunstetter.

John P. Brent and Florence M. Swartz, both from Reading, were married Thursday afternoon at 3 o'clock by Rev. F. H. Brunstetter in the Methodist parsonage on Baltimore street. The couple were on their way to Washington, D. C.

SALESMEN: we want alert, intelligent men to handle a proposition throughout Pennsylvania—commission basis. Men use now making \$100 to \$200, per week. PERSONAL NOTES AND BRIEF ITEMS

News Notes From Around Town and Throughout the County.

MANY DAILY VISITORS

Mention of Guests From Nearby Towns. Short Paragraphs of General Interest.

Miss Hannah Boyle, of High street, is spending some time in Hazleton, visiting relatives and friends.

Miss Mary Myers has returned to her home on Baltimore street, after spending the Thanksgiving holidays with relatives in Westminster and Baltimore.

C. T. Lower, of McKnightstown, has returned from a week's business trip to Chicago.

L. C. Keefeauver, who is teaching school at Hampstead, Maryland, is spending a few days with friends in Gettysburg.

Ralph Oyler, a student at the University of Pennsylvania, is spending several days at the home of his parents, Mr. and Mrs. J. Price Oyler, York street.

Miss Lily Dougherty has returned to her home on High street, after spending the past several days with relatives in Philadelphia.

Miss Ruth Hamilton, of Carlisle street, has gone to Pottstown, where she will be the guest of friends for several days.

Mr. and Mrs. Claire Sowers have returned to Cashtown after an extended wedding trip through the New England states and New York City.

Miss Mary Lady, who teaches at Bryn Mawr, is spending a few days at the home of her parents, Mr. and Mrs. H. C. Lady, of Arendtsville.

Miss Lorna Weaver, of Washington, D. C., is spending the week-end at the home of her mother, Mrs. Ella Weaver, and family, on High street.

Professor C. W. Rutschky, instructor in the Arendtsville Vocational school, was called to his home in Pottstown by the illness of his mother, C. S. Rice and daughter, Mary, and Mr. and Mrs. Luther Rice and family, of Arendtsville, spent Thanksgiving Day with Mr. and Mrs. Edwin Rice, of Chambersburg.

VACATION DURING APPLE SEASON?

(Continued from First Page.)

given a few minutes in the forenoon and afternoon for calisthenic work.

The meeting opened with Mrs. S. W. Frost, president, in charge, and Mrs. A. I. Weidner, secretary.

The following was the remainder of the program rendered: Song, "Jumata"; recitation, Miss Etta Knouse; song, "Old Black Joe"; piano solo, Isabel Knouse; piano duet, Ellen Hoffman and Grace Klepper. A short business session followed the program at which time Rev. T. C. Hesson, Arthur Roberts and Mrs. G. M. Rice were appointed on the program committee and Mrs. Luther Rice and S. A. Skinner on the visiting committee. The attendance banner was won by the Grammar and High School.

INSURANCE FOR WOMEN

Labor Conference Passes Measure For Protection of Women.

(By Associated Press)

Washington, Nov. 29.—Women wage earners, including those engaged in commercial and industrial work would be indemnified for the time lost during childbirth under a convention adopted to-day by the International Labor conference for submission to the various governments for approval.

The convention as originally drafted was amended so that reimbursement would be paid by the state or "by a means or system of insurance."

OPEN DANCING ACADEMY

Waynesboro Man Has Rented Battle-field Hotel.

Announcement has just been made here that Professor H. P. Woltz and his wife, of Waynesboro, have rented the Battlefield Hotel and have converted the dining room into a dancing floor. They expect to hold dances there twice each week. Mr. Woltz is the manager of the Arcade Dancing Academy at Waynesboro.

THIEVES IN MOUNTAIN

Cottage Near Graeffenburg Stripped By Robbers.

Although the cottages about Pen-Mar have suffered much from thieves during the period of their unoccupancy, thus far those in the Graeffenburg section have been free from the work of pillagers. But on Thursday H. S. Gilbert, of Lincoln Way East, who went to his property above Graeffenburg to get ready Fern Hill cottage for a group of Red Lion deer hunters, found that his Rest cottage had been visited by thieves and literally stripped. A large lot of dishes, kitchen utensils, curtains and bed clothing had been removed by the thieves who broke in through a window.

The convention as originally drafted was amended so that reimbursement would be paid by the state or "by a means or system of insurance."

Waynesboro Man Has Rented Battlefield Hotel.

If you receive THE TIMES by mail you can find the date up to which you are paid on the pink address label on your paper. The date will be changed within ten days after your money is received at The Times Office.
A number of complaints are received from readers of The Times because of late receipts of our issues sent through the U. S. Mail, and we take occasion to suggest that we have no control over the publication after its delivery to the Post Office Authorities, any delay in transit should be immediately reported to the Post Office Department, Washington, D. C.

SPORTING COLUMN

The High School basketball team will have a hard schedule to play this year and Gettysburg fans will have plenty of opportunities to see them in action against some big teams. The locals will be pitted against two new quintets—Harrisburg Tech scrubs and McKinley Manual Training High School from Washington, D. C. The season will open here on December 6 with Chambersburg High School. The schedule up until January 2 is as follows:

Dec. 6, Chambersburg High School at Gettysburg; Dec. 13, Camp Hill High School at Camp Hill; Dec. 19, Hanover High School at Gettysburg; Dec. 24, McKinley Manual Training High School at Gettysburg; Jan. 2, Harrisburg Tech Scrubs at Gettysburg.

The games will be played as last year, in the college gymnasium.

The team shows promise of being the best that ever represented the local school. A great wealth of material reported to Coach Reynolds, who will have a task on his hands to pick out 15 players to comprise the two teams and substitutes. The following reported for practices this week: Captain, Horace Armor, Donald Weiser, George Hunter, and Ross Sheely from last year's Varsity; Jacob Shmuckler, Keith Berger, David Oyler, Howard Berry and Harold Roth from last year's second team. The new candidates are: Arthur Aughinbaugh, Clifford Bream, Wilbur Weibert, Raymond Rebert, Ellsworth Bohl, Wilmer Hankey, William Scott, Mark Wible, Allen Gise, Paul Little, David Tawney, George Scharf, Robert Martin, John Miller, Elmer Haner, William Kitzmiller, and Glenn Bream.

BOYS CAUSED FIRE

Youths Confess They Started \$10,000 York Fire.

York, Pa., Nov. 29—Four boys admit that they caused the fire that destroyed the storage building of the York Carriage Works, resulting in a loss of about \$10,000, following an investigation by city officials. Arthur Ray, Edward and Joseph Diefenderfer, brothers, ranging in age from eight to ten years, and Edward L. Stahl, aged eleven, were brought to police headquarters, where they admitted that they had been playing in the shed, when one of them fell into a hole. The building being dark one of the youngsters lit a match to see how deep the hole was, when another of the boys knocked the match out of his hand and it fell in a pile of excelsior that ignited.

The frightened boys tried to put it out, but could not. Then they ran out and raised an alarm, which called out the firemen, who saved the main plant.

[National Crop Improvement Service.]
It may be generally stated that whatever is good for a man, is good for a cow or a hog. They do not love stale water, nor spoiled food, nor do they thrive under unsanitary conditions.

Any veterinary will tell you that unless a stable is kept thoroughly clean and frequently disinfected, your animal will be subject to all sorts of diseases and discomforts. Where there have been contagious diseases such as glanders, tuberculosis, anthrax, contagious abortion, hog cholera, etc., special care must be taken to make the stables safe for the future.

First, remove all loose material and litter and then scrub the walls, floors, mangers and all woodwork and trenches with a solution of one pint of formaldehyde to two gallons

BAD HIGHWAYS HURT CHURCHES

Affect Shown by Rural Survey of Interchurch Movement.

COUNTY SURVEY SOON

Report of Supervisor Reveals Value of Permanent Roads to a Community.

Bad roads prove a great hindrance to churches, the Pennsylvania Rural Survey section of the Interchurch World Movement of North America which will soon be underway in this county, has been announced in a communication to the State Highway Department. The Rev. Irvin E. Deer, state supervisor, is soon to issue a report covering the result of an investigation made in Pennsylvania counties, in which an effort has been made to learn what affect bad roads have on religion. This Rural Survey is being made by the Interchurch World Movement in the 2968 counties in the United States.

Supervisor Deer says in a recent conference report entitled, "Roads and Religions":

"In the minds of many the relation between roads and religion does not seem a very close one, and yet when the representatives of Susquehanna churches answered the question, 'What conditions, if any, affect the regularity of attendance at service?' eighty five per cent replied that bad roads prove the greatest hindrance in their program of service."

Another paragraph says: "Where there are no good roads nor railroad connections the country is poorly developed. In eight of the townships in a certain county lacking satisfactory means of communication there was a population decrease of 18 to 57 per cent. In these eight townships 34 per cent of the farms are rented. The housing and living conditions are far below normal. Other conditions may be factors in this backwardness, but poor roads take the leading part."

EDWARD HELTZEL

Edward Heltzel died Friday morning at 10 o'clock at the home of his daughter, Mrs. Charles Shultz, Kohler's Mill, near New Oxford, with whom he resided. Death was due to pneumonia. He was aged 74 years, 10 months and 20 days.

He was the son of the late Nicholas and Mary Heltzel. He is survived by the following children: Nicholas Heltzel, Kingston; Charles, Gettysburg; Mrs. Charles Shultz, Kohler's Mill; one brother, Charles Heltzel, York, also survives.

CANADA'S PUBLIC MARKETS CUT COST OF LIVING

Don Secours Market in Montreal
Market in Quebec
Champlain Market, Quebec

The French people have been noted for their thrift throughout their history and when, back in the seventeenth century, the French brought to Canada, the French brought with them the institution of the public market place, which survives today in all French speaking Canada, and, to a less degree, has spread across the whole Dominion.
The advantage of the public market is self-evident. The middle-man and the big profit exacted by him is eliminated and the cash and carry plan cuts out expensive delivery and credit systems. A material reduction in prices is thus brought about. There are several markets in Montreal but perhaps the most famous is the Bonsecours Market, named after the church of Notre Dame de Bonsecours, and well named it is indeed, for it is a place of good help to the thrifty housewife these many score of years.
In Quebec, the Champlain Market, at the foot of Chateaus Frontenac in the lower town, and the St. Jean Street Market, are the largest and serve a double purpose of being at once public necessities and most picturesque spectacles.
In winter it is a remarkable sight to see frozen milk chopped with an ax and served to the customer. Then, too, the daily caravans of frozen "Tommycod" are a novel sight.
The progressive West has also adopted the public market. Winnipeg has one, and the city of Calgary has recently built a great market place to reduce the cost of living by cutting out the middle man. The plan has been successful wherever tried and experts advocate the public market as the means of solving the high cost of living problem here in the United States—certainly it has done much good across our northern border.

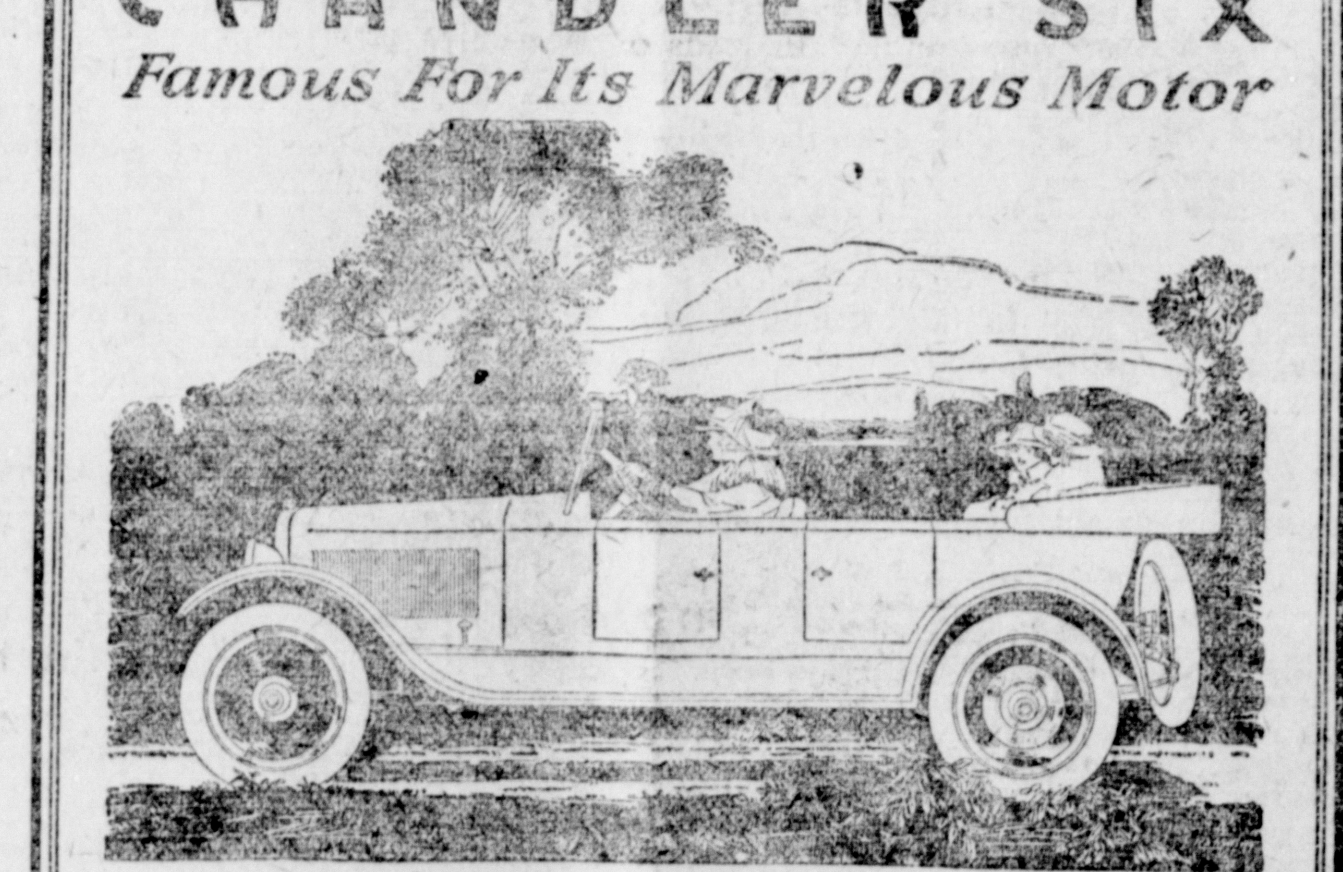

SCHOOLS WILL GET BIG SUM OF MONEY

Almost Two And a Quarter Millions For Districts of State.

Almost two and a quarter millions of dollars have been paid by the State to the school districts of the State as the payment for this fall and a million more will be distributed by the end of the year. Most of the money has gone to the smaller districts only a few of the cities having received much money and most of them only on account of the sums allotted to them.

State Treasurer H. M. Kephart had adopted a plan of paying districts according to the alphabetical standing of the counties and Luzerne will be taken up within a few days. In addition the usual payments at this time of the year have been made to other educational activities.

The State fiscal year will close on Saturday and it is likely that the \$50,000,000 mark will be reached. The revenue now is far ahead of any previous record, but there are heavy appropriations ahead to pay.

CHANDLER SIX
Famous For Its Marvelous Motor

There's No Time Better to Buy Your New Car

BUILDING more than a hundred cars a day, the Chandler Motor Car Company is still unable to supply the demand for the greatest of Sixes. And this is November.

There are no automobile seasons any more. Any time is the time to buy your car, if you can get it. The earlier your order, the earlier your delivery!

The Chandler Six leads so distinctly because it offers so much more for so much less. Other cars which perhaps might be compared with it list at hundreds of dollars more, and cheap cars sell for almost as much.

SIX BEAUTIFUL BODIES ARE BUILT ON THE STANDARD CHANDLER CHASSIS

CHANDLER MOTOR CAR COMPANY, CLEVELAND, OHIO

JUDGE AT CARLISLE

Judge Donald P. McPherson, of Gettysburg, presided at a session of court in Carlisle recently for the hearing of a case without a jury, that of Dickinson college against the Cumberland Valley Railway Company, the same being an action in trespass and brought to compel the company to remove an objectionable obstruction in the form of an iron fence along the Stock, Conway Hall and Murray properties. The suit was first instituted in 1912, but never came to trial until now, having "run the gauntlet" of litigation since then as to delays and continuances.

We can only have the highest happiness, such as goes along with being a great man, by having wide thoughts, and as much feeling for the rest of the world as for ourselves.—George Eliot.

NO MORE COUGH APPETITE BACK AND FEELING FINE

Serious Lingering After-Effects of Bad Sick Spell Finally Cleared Up By Taking Chasco-Vin.

"If I had only known about Chasco-Vin long ago I would not have had such a long drawn out spell."

Nothing seemed to reach the trouble until a drug clerk told me about the great results he was hearing right along about Chasco-Vin.

I was glad to try it and gladder still for what it accomplished. My cough is gone, I eat with a relish and it straightened me out generally.

is actually wonderful the help I have obtained from Chasco-Vin."

(Signed) Walter Seitz, 1616 Walnut St. Shamokin, Pa. Chasco-Vin is most pleasant to take. It is an old compound of Hypophosphites, Iron and the tasteless extract of Cod Livers.

No oily taste whatever. In Gettysburg there is only one Chasco-Vin selling agent. News Stand Drug Store Centre Square.

Daily Fashion Hint

SMART MODELS FOR SERGE AND SATIN.

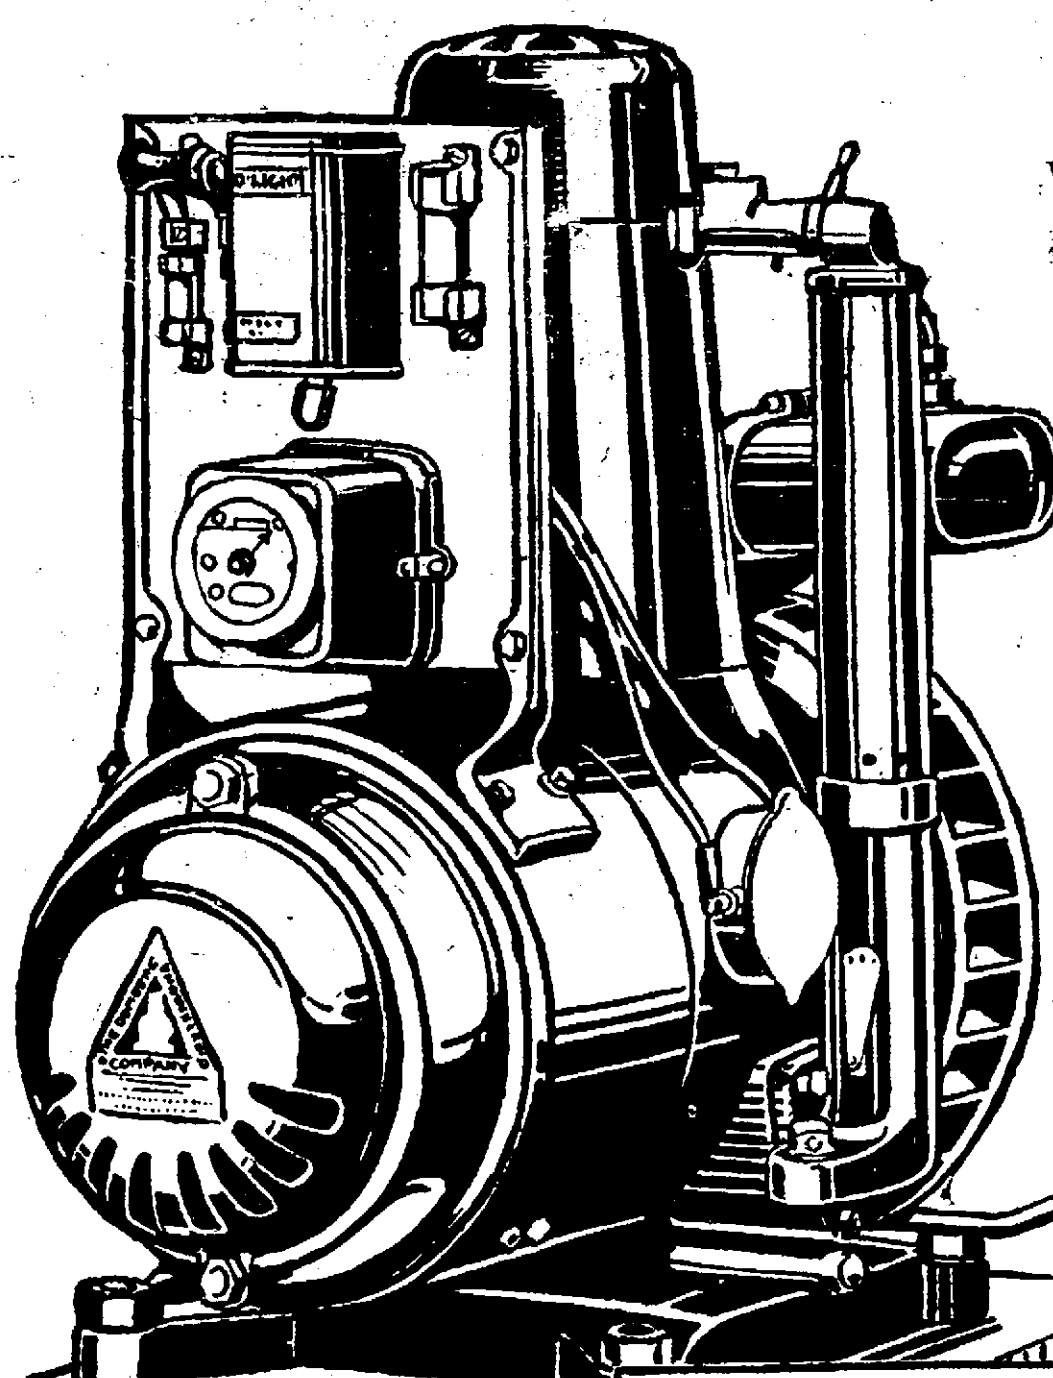

Straight line effects gain variety by means of many clever devices, but not more delightful than the series of orderly folds illustrated on this first model in brown serge. There are five of the folds and the dress may be reduced to suit the taste and figure of the wearer. The front of the waist is embroidered with the square neck, the gathers at the shoulders being stitched to extensions of the back in yoke effect. Tons trim the long closed skirt. Medium size requires 4 1/2 yards of material.

Satin, crepe de chine or tulle be used for the second model, which has the skirt gathered into a band at the lower edge. The dress with extended sides, is trimmed with ball fringe, the neck being in effect. The sleeves are gathered to narrow bands. Medium size requires 5 1/2 yards 40-inch material.

First Model: Pictorial Review Dress No. 8525. Sizes, 14 to 26.

Price, 35 cents.

Second Model: Dress No. 8519. Sizes, 14 to 20 years. Price, 25 cents.

Delco-Light is a complete electric light and power plant for farms, country homes, schools, churches, stores and small towns.

THE DOMESTIC ENGINEERING COMPANY, Makers of Delco-Light Products, DAYTON, OHIO

The Delco-Light engine is the valve-in-the-head type—used in the best and most powerful airplane engines and in hundreds of thousands of automobiles.

It is air-cooled—runs on kerosene in any climate—has only one place to oil and has a simple mixing valve in place of carburetor.

The storage battery is exclusively designed and built for Delco-Light with thick plates, wood and rubber separators and many improvements that insure long life.

Delco-Light long ago passed the experimental stage and has gone through the refining influence of three and one-half years of production and of usage by 75,000 customers.

You will find plants in the homes of your community. Just ask your neighbor about his Delco-Light plant.

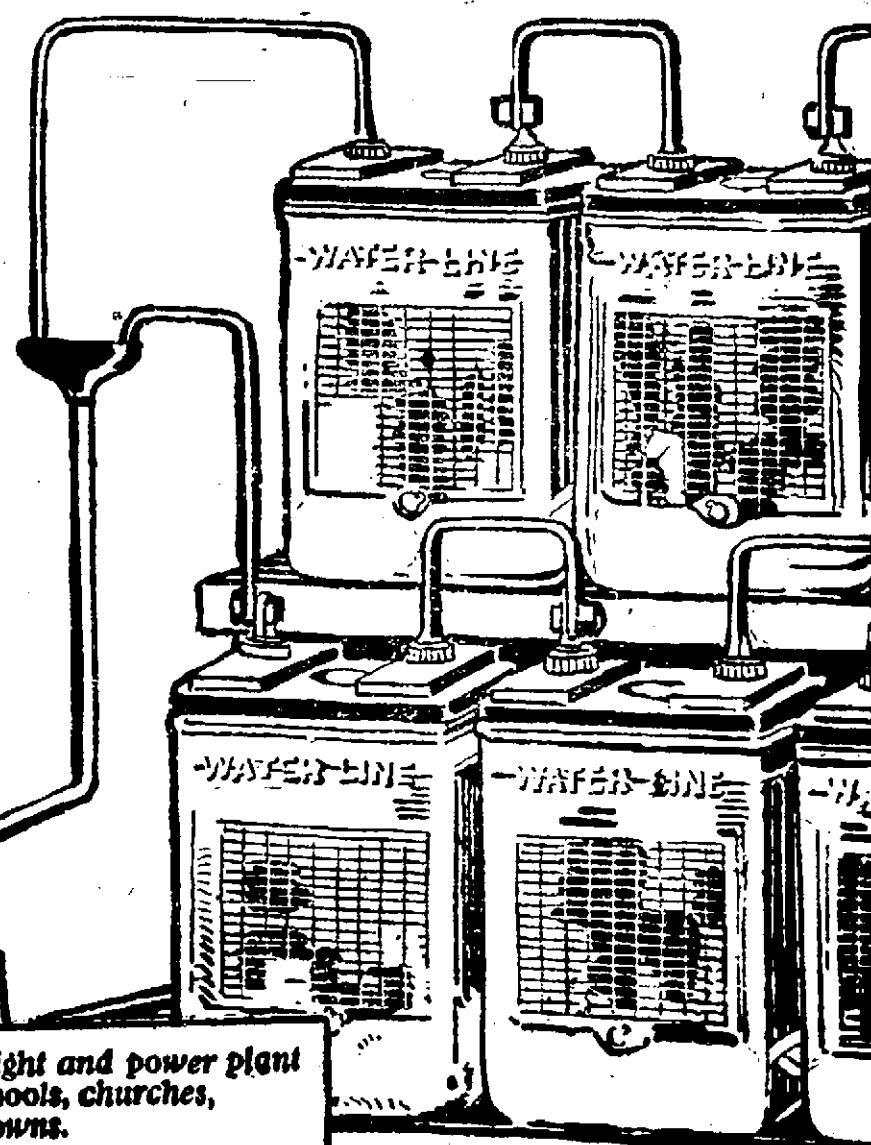

Delco-Light makes happy homes; it saves time and labor, taking away lots of hard, unpleasant tasks. It "Pays for Itself" by the work it does and the time it saves.

Of the more than 75,000 Satisfied Users of Delco-Light, the first are among the most enthusiastic—proof that the simplicity and durability of Delco-Light meets the requirements of its customers.

There's a Delco-Light Man Near You

Daily Fashion Hint

SMART MODELS FOR SERGE AND SATIN.

Straight line effects gain variety by means of many clever devices, but not more delightful than the series of orderly folds illustrated on the first model in brown serge. There are five of the folds and the waist may be reduced to suit the taste and figure of the wearer. The front of the waist is embroidered with the square neck, the garters at the shoulders being stitched to extensions of the back in yoke effect. Tons trim the long close fitting, full size requires 4 1/2 yards of serge.

Satin, crepe de chine or tulle be used for the second model, which has the skirt gathered into a band at the lower edge. The band with extended sides, is trimmed with ball fringe, the neck being in effect. The sleeves are gathered to narrow bands. Medium size requires 5 1/2 yards 40-inch material.
First Model: Pictorial Review Dress No. 8525. Sizes, 14 to 22. Price, 25 cents.
Second Model: Dress No. 8519. Sizes, 16 to 20 years. Price, 25 cents.

DELCO-LIGHT

"Electricity for every Farm"

The Delco-Light engine is the valve-in-the-head type—used in the best and most powerful airplane engines and in hundreds of thousands of automobiles.

It is air-cooled—runs on kerosene in any climate—has only one place to oil and has a simple mixing valve in place of carburetor.

The storage battery is exclusively designed and built for Delco-Light with thick plates, wood and rubber separators and many improvements that insure long life.

Delco-Light long ago passed the experimental stage and has gone through the refining influence of three and one-half years of production and of usage by 75,000 customers.

You will find plants in the homes of your community. Just ask your neighbor about his Delco-Light plant.

Delco-Light makes happy homes; it saves time and labor, taking away lots of hard, unpleasant tasks. It "Pays for Itself" by the work it does and the time it saves.

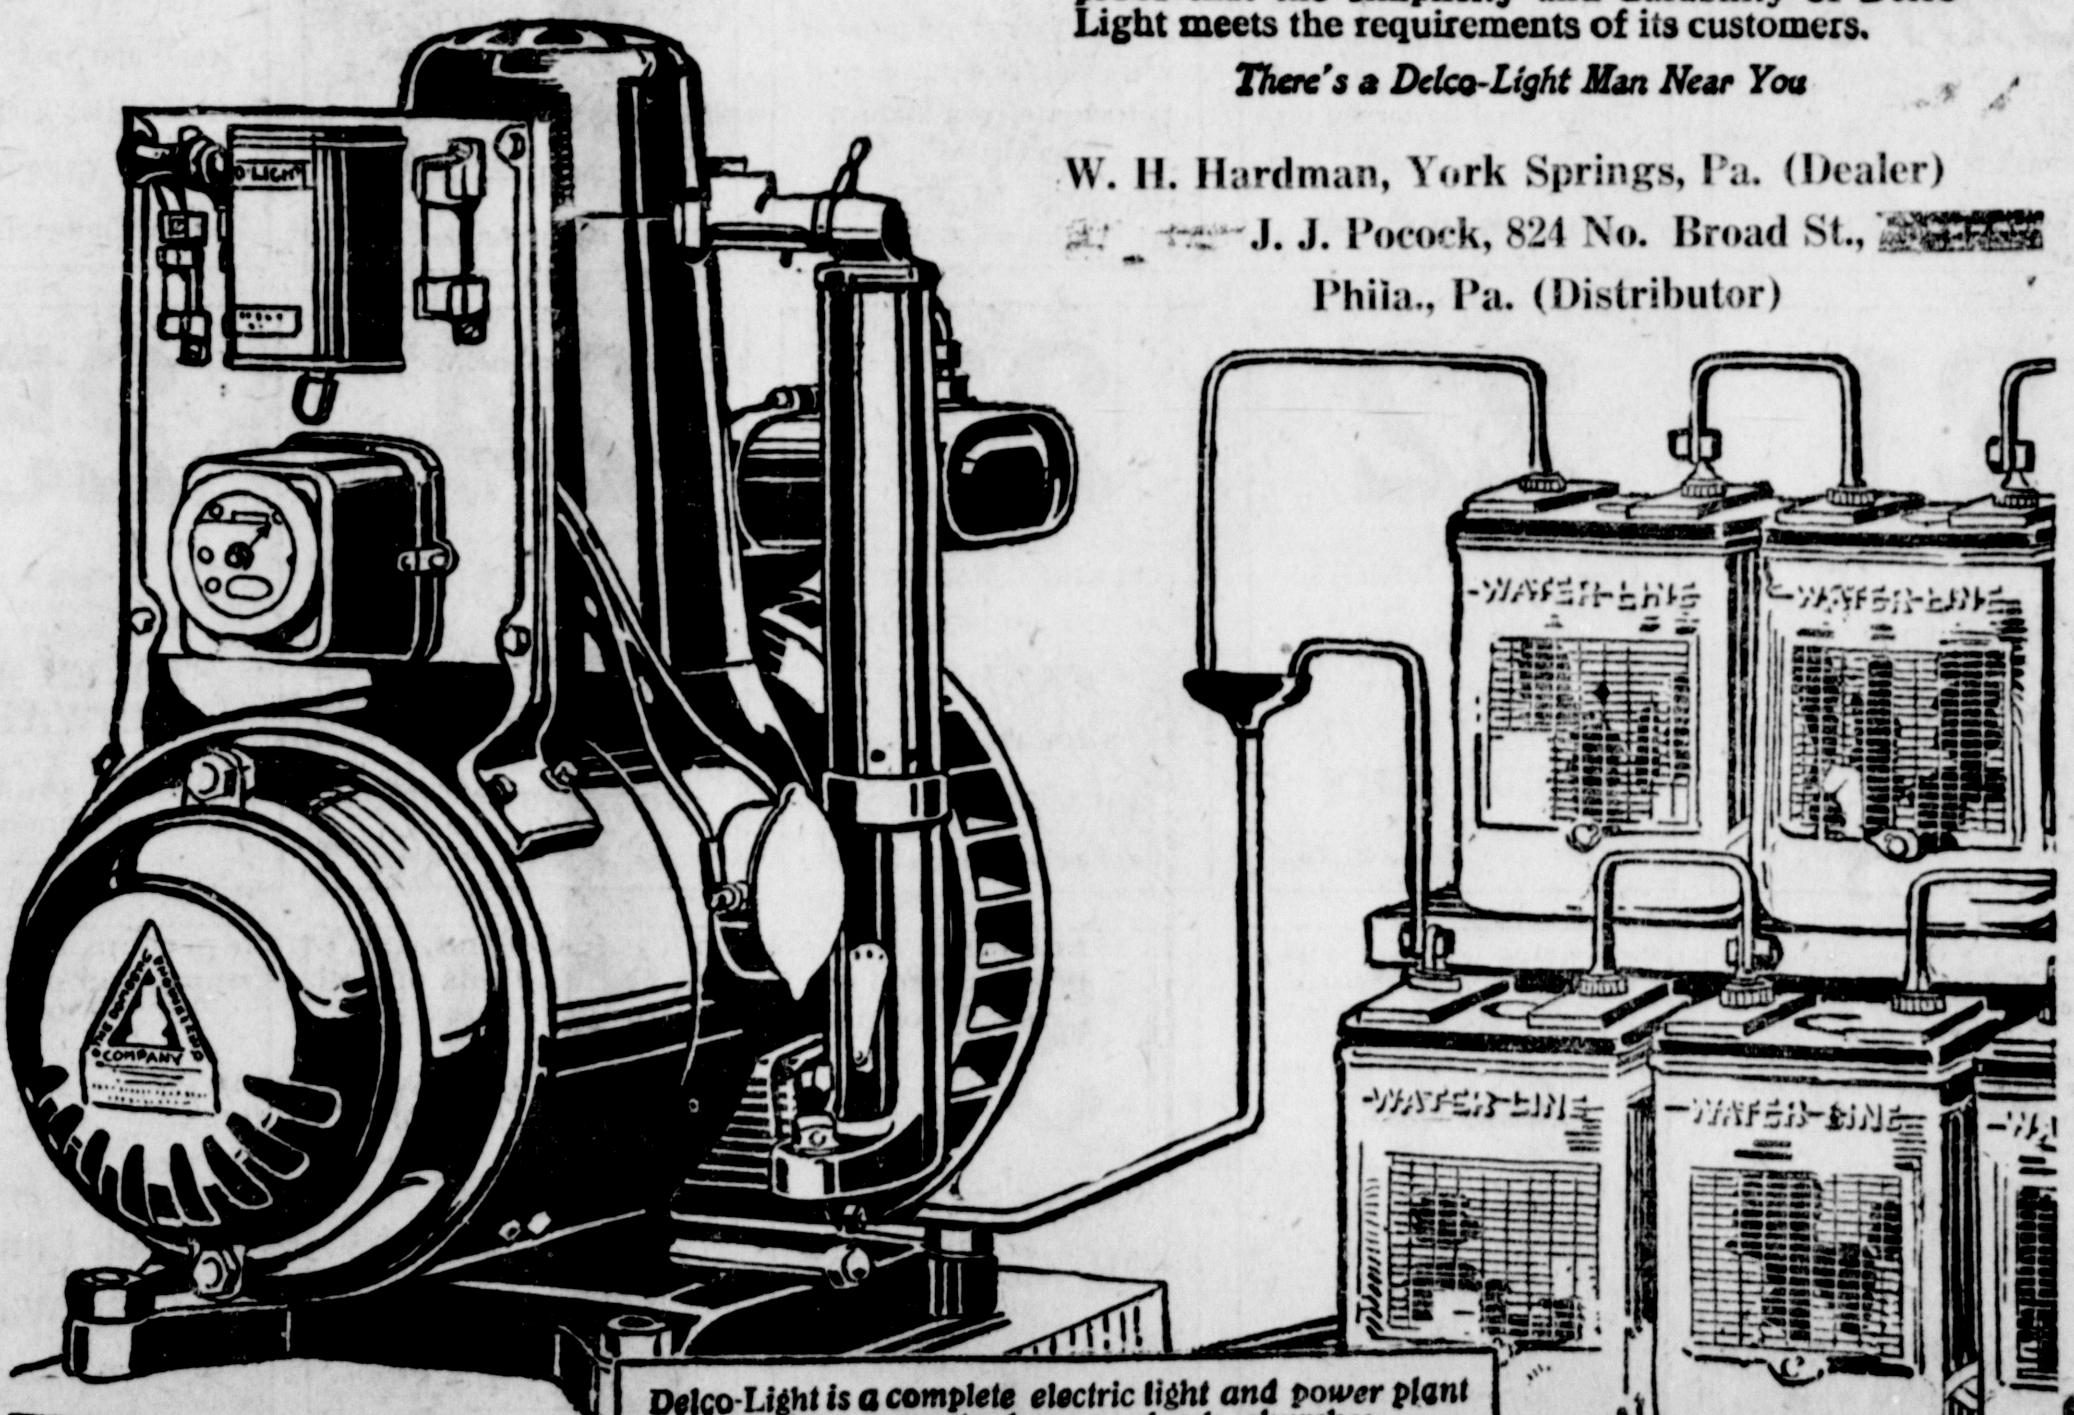

Of the more than 75,000 Satisfied Users of Delco-Light, the first are among the most enthusiastic—proof that the simplicity and durability of Delco-Light meets the requirements of its customers.

There's a Delco-Light Man Near You

W. H. Hardman, York Springs, Pa. (Dealer)

J. J. Pocock, 824 No. Broad St.,

Phila., Pa. (Distributor)

Delco-Light is a complete electric light and power plant for farms, country homes, schools, churches, stores and small towns.

WANT 50-HOUR WEEK
Waynesboro Men Vote to Increase Working Hours.

When the Waynesboro strikers returned to work one of the terms of the agreement was that the men should decide how many hours a week they want to work. The vote has been taken and announced for all shops except the Frick Company and it shows an overwhelming majority for a 50-hour week, two hours more than the international union has been demanding.

FOUR MILES OF PERMANENT ROAD

(Continued from First Page.)

ceive the concrete, it was necessary first to excavate 2,000 cubic yards of earth from the high points and to fill the low places with 7,000 cubic yards of ground. The first phase of the work was started on May 5 and has been pushed steadily since that time.

As the grading progressed the work on the drainage system was being carried on and was given careful study by the State Engineers. In carrying out their plans on the first two mile strip alone 375 feet of reinforced concrete pipe was used which ranged in size from 12 to 18 inches in diameter. The under drainage system consisted of 9,070 feet of 4 inch vitrified tile pipe. This system keeps the roadway underneath free from water, thereby materially reducing the frost hazard.

Automobilists who have tried the road are unanimous in their opinion that the county is fortunate not only in having this stretch of road but of the prospect of having a great number of miles more of permanent roadway which is scheduled for Adams next year. It is said that eighty per cent of the highways constructed in Pennsylvania this year are of the same type and construction as that on the Harrisburg road.

MORE ROAD BIDS ASKED

Highway Department Getting Ready For Next Year.

Although the 1919 road construction season is nearing the close, because of weather conditions, the State Highway Department is taking time by the forelock; and has announced that on December 16 bids will be opened for the construction of 147 21 miles of new roadway of as nearly permanent type as it is possible to build. This work will be undertaken as soon as the weather permits. Before April 1, the Highway Department plans to award contracts for not less than 500 additional miles of improved thoroughfare.

The total number of miles of new construction advertised by the Department of 1919, including the coming letting of Dec. 16, is 913.88. Since the beginning of the present administration the Highway Department has awarded contracts for the construction of 629.03 miles of new roadway.

The list of projects advertised for December 16, includes a number of re-advertisements, totalling 50.08 miles, while the new projects total 97.13 miles.

"He never speaks when he has nothing to say." "Then he would never do for a stump orator!"—Baltimore American

Big Fresh Cow Sale!

ON WEDNESDAY, DEC. 3, 1919

NOTICE

Notice is hereby given that an application will be made to the Governor of the State of Pennsylvania, on Saturday, December 6th, A. D., 1919, by W. L. Hafer, Donald F. Ikeler and J. Claire Sowers, under the Act of Assembly of the Commonwealth of Pennsylvania, entitled "An Act to provide for the incorporation and regulation of certain corporations," approved April 29, 1874, and the supplements thereto, and amendments thereof, for the charter of an intended corporation to be called—"Times & News Publishing Company," the character and object of which is to transact the printing and publishing business, and for these purposes to have and possess and enjoy all the rights, benefits and privileges of the said Act of Assembly and its supplements.

J. DONALD SWOPE,
Solicitor.

RELIEVES, TIRED ACHING MUSCLES

Buy a bottle of Sloan's Liniment and keep it handy for emergency

If I only had some Sloan's Liniment! How often you've said that! And then when the rheumatic twinge subsided—after hours of suffering—you forgot it! Don't do it again—get a bottle today for possible use tonight! A sudden attack may come on—sciatica, lumbago, sore muscles, stiff joints, neuralgia, the pains and aches resulting from exposure. You'll soon relieve it with Sloan's, the liniment that penetrates without rubbing. 38 years' leadership. Clean, economical. Three sizes—35c., 70c., \$1.40.

Christmas Near

Why delay making your purchases—We will hold them for you until ready.

Here Are a Few Suggestions

SILK UNDERWEAR AND CAMISOLES FOR YULE TIDE GIVING

Of Gift-like daintiness, for all their practical service, are these Underwear Garments of Glove Silk, Crepe de Chine and Wash Satin. Bodice Vests, Envelope Chemise, Nightrobes, Pajamas, Bloomers and exquisite Camisoles are Gift Garments included in these displays.

THE GIFT OF MUSLIN UNDERWEAR

—adequately answers the question of a suitable Gift from one woman to another. To mention a few of the lovely Christmas things in this section, includes embroidered Gowns of soft Batiste, dainty Crepe Gowns and Envelope Chemises of Batiste, Dimity and Mercerized Cloths.

BATHROBES—NEW AND PRETTY

The Indian patterns and pleasing novelty plaid grounds in these unusually attractive Bathrobes have given them first place on many a Gift list. While on many the collars and cuffs are edged with silk in harmonizing shades, on other robes the reversed side provides a trimming contrast. Loop fastenings and cord trimmings give these robes a desirable semi-fitted appearance.

GIFT PETTICOATS

Brilliant colorings in fashionable Frocks of this season have also found pleased acceptance in brilliantly colored Petticoats and the latter are favorite Gifts this season. The charm of Dress Silks are enhanced by these Petticoats of changeable Silk, Satin or Jersey.

Now all that large line bought to come in for spring in addition to our regular line for fall—a money saving time.

REPORT SHOWS GREAT WORK DONE

Secretary of Red Cross Reviews Activity of Local Chapter.

CHRISTMAS CHEER ABROAD

Nursing Survey Concentration of County Work. Success in Clothing Drives. Peace Program.

That the work done by the American Red Cross in Adams county in the first year after the war has not declined and that the interest of the members is as keen as during the days of 1917 and 1918 is shown in the report of Miss Nina Storrick, secretary, which follows:

The first enterprise of the Adams County Red Cross following the end of the war was the superintending of the shipping of Christmas boxes to our troops who were still abroad.

Christmas package committees were appointed in Gettysburg and in the larger towns. These committees inspected and assisted in the packing of 373 Christmas boxes.

The chairman of the Gettysburg committee was Miss Elizabeth Cox, under whose direction the larger part of the work was done.

The Christmas Roll Call was conducted under the direction of Mrs. E. S. Lewars. The county seemed to feel a deep sense of obligation to the boys who were still abroad and to their families. The total enlistment was 3026 members. McSherrystown and several other branches had conducted drives earlier in the fall, and their new memberships were counted in making a total membership of 4140 members.

During the winter a nursing survey of Adams county was conducted by Misses Nancy and Reba Adams, of Gardners. These ladies presented a carefully prepared report listing all nurses, practical and trained, and their addresses.

At a meeting of the Executive Committee held on January 20th, the secretary, Mrs. E. S. Lewars, presented her resignation and Miss Nina G. Storrick was appointed to succeed her.

In January, the Chapter received directions from Division Headquarters to concentrate all county funds into the Gettysburg treasury, in order that business might be more conveniently transacted. It was believed that the continuation of so many treasuries in the county was unnecessary.

In April, 1919, under the direction of Mrs. Donald P. McPherson, a drive for second hand clothing was made. A considerable amount was collected and shipped to European refugees. We did not reach our allotment in this drive, which was probably due to our having doubled our allotment in the previous drive.

At a meeting of the executive committee held in the Court House on July 7, Mr. Weaver presented the question of the Welcome Home Celebration for our returned soldiers. The work of the Red Cross on Welcome Home Day will be presented by the Canteen Committee.

In September the chapter received word that its quota of the funds required for European relief was \$1950. Having ample funds on hand we were able to forward this amount without conducting any drive.

Early in October a committee from the chapter attended a conference in Harrisburg, at which the plans for the annual membership roll call and various other matters of interest to the Red Cross were explained.

At a meeting of the executive committee held in the Court House on September 24th, Miss McAllister of the State Agricultural Board requested our chapter to take charge of a child welfare exhibit. The plans for the work were presented by Miss McAllister and committees were appointed. This exhibit will be held in Xavier Hall from December 2 to 6, and it is hoped that there will be a large attendance of the Red Cross workers and others from our county.

On the 14th of November, Miss Elnora Stewart presented to the executive committee the Peace Program of the Red Cross. It was decided to extend the work of the Red Cross according to the national plans to work for civilians, especially in the promotion of the health of the children in the county.

MANY DOGS KILLED

Discover 75,125 Canines That Were Not Licensed.

Data gathered by the State Department of Agriculture is declared to show that the number of dogs killed in the State last year because they were not licensed reached a total of 75,125. There were 362,249 licensed, according to reports from all counties. The department estimates that the number of dogs in the State this year was over 11,000, making a grand total of 43,657 in the State, most of them in the Northern tier.

PUBLIC SALE OF VALUABLE TOWN PROPERTY.

SATURDAY, DECEMBER 6 1919.

The undersigned intending to remove from Gettysburg, will offer at public sale his valuable town property, No. 30, York street, Gettysburg, Pa.; fronting 30 feet, more or less, on said York street and running back 180 feet to a public alley.

It is improved with a two-story brick building, with back building attached and large building in the rear, all in good repair.

The first floor contains a store-room, size 20 by 42 feet, now occupied by the H. & T. Electric Company, hall-way and kitchen and dining room. The living apartments on both first and second floors have been recently repapered and painted and are conveniently arranged, with bathroom and other modern and sanitary conveniences. It is heated with hot water plant and equipped with electric light. It is suitably located as a place of business.

Sale will be held on the premises at 1 o'clock P. M. on said day when terms will be made known.

Immediate possession will be given if desired, subject to lease of store-room which expires April 1, 1920. Persons wishing to view the property will please call on the undersigned or on C. E. Stahle, Attorney.

Fur Trappers And Buyers

Of All Kinds of Furs And Hides

The fur season, which has just opened, promises to be the greatest in the history of the business. All furs are bringing exceptionally good prices at the present time. Skunks and muskrats are in special demand, though a 10 per cent drop in the price of skunks was recently announced. All other furs are at the high prices recently given.

DO NOT BE MISLED

by fancy quotations from city buyers as they are only to squeeze you out of your furs. When you make a shipment of furs to them, they have you in their hands and can do just what they please. When you bring your furs to me, you are there to receive the cash money.

Your past experience with me will assure you that I will pay the highest cash price and at the same time give you a square deal.

Notify me by phone or mail if you have furs and I will come personally or send a man for them.

I have on hand for sale at low prices a lot of soldiers' goods, including uniforms, leggings, etc.

HARRY VEINER,
Both phones
Stratton Street Gettysburg, Pa.

When You Say, "What's the Price"

When you come in our store this fall and pick out a suit and say to the salesman "How much?" He'll say "\$35", perhaps, or maybe "\$45" or "\$50"—depends on the suit you choose.

You may say "Why, I can beat that price \$5 or \$10."

Probably you can; but that isn't the point, you can't get as much clothes value for your money anywhere else; that \$5 or \$10 is in the suit; it's the \$5 or \$10 that makes good quality possible and makes the suit or overcoat outwear the cheaper one two to one, retain its shape and color.
